VASEEKARAN N

SOFTWARE TESTER

vaseekarann47@gmail.com 6374200582 Vaseekaran N

SUMMARY

I am ECE graduate passionate about software testing, focused on ensuring reliable and high-quality applications.

EDUCATION

2021 – 2025 Tiruchengode	**B.E-Electronics and Communication Engineering** K.S.R College of Engineering **CGPA-8.01**
2021 Sankari West	**HSC** Sankar Higher Secondary School **Percentage:79%**

INTERNSHIP

Salesforce Developer Virtual Internship

- Completed eight weeks of hands-on instruction in Apex fundamentals and Salesforce data management
- worked on a variety of guided tasks, such as object construction, validation rules, and data processing.
- used Java to learn the fundamentals of Salesforce development.

COURSES AND CERTIFICATION

- **Software Testing Course** at Pumo Technovation in Coimbatore (16 weeks).
- **Cloud Computing**-Elite Certificate in NPTEL (12 Weeks).

PROJECT

Book Management System Using Selenium Automation Testing

- Functional, user interface, and end-to-end testing of a Book Management System web application utilizing Selenium WebDriver, TestNG, and Java, both manually and automatically.
- I created and carried out test case validation for the Login, Registration, Book Purchase, Payment, and Logout pages.

Book Management System HTML Pages

- Designed web pages (Login, Registration, Home) using HTML & CSS.
- Created and executed **manual test cases** to validate UI and user workflows.

Adaptive Rate Limiting for DDoS Mitigation in SDN

- Developed an adaptive rate-limiting model to detect and prevent DDoS attacks.
- Improved network traffic stability by reducing attack impact in simulated SDN environments.
- Presented research at ICOCT 2025, Bengaluru.

SKILLS

- Test Case Design
- Defect Tracking
- Core Java
- HTML
- MySQL

TOOLS

- Postman
- Jenkins
- J Meter
- Git hub

INTERPERSONAL SKILLS

- Adaptability
- Team work
