Kabinesh V

Data Analyst
Coimbatore, Tamil Nadu, India | 6380295226 | v.kabinesh2004@gmail.com | linkedin.com/in/kabinesh-v

CAREER OBJECTIVE

Detail-oriented M.Sc. Computer Science student with a strong foundation in data analysis, SQL, Python, Power BI and Tableau. Experienced in taking a deep learning project from raw images to actionable output, and comfortable turning messy data into clear dashboards and insights. Eager to join a data-driven team as a Data Analyst, where I can support smarter business decisions and improve operational efficiency.

CORE COMPETENCIES

- Data cleaning, preparation and exploratory data analysis (EDA)
- Writing SQL queries to extract, join and summarise data
- Building interactive dashboards and reports in Power BI and Tableau
- Image classification and deep learning with CNNs
- Turning data into clear insights and business recommendations

TECHNICAL SKILLS

Data Analysis	SQL, Python (basic)
Data Visualization	Power BI, Tableau
Machine Learning / AI	CNN, TensorFlow, Keras, OpenCV
Web & Cloud	JavaScript, ReactJS, AWS (cloud computing fundamentals)
Other	Design Thinking, Cyber Security basics

PROJECT

PlantShield AI – Deep Learning-Based Crop Disease and Pest Detection
Python, TensorFlow, Keras, OpenCV

- Built an automated CNN-based deep learning system that detects plant diseases and pests from leaf images.
- Used OpenCV for image processing and TensorFlow and Keras to create, train and evaluate the model.
- Added a recommendation feature that suggests treatment solutions for each detected disease, turning predictions into actionable output.
- Designed to help farmers identify crop problems early and reduce yield loss.

EDUCATION

M.Sc. Computer Science **2024 – 2026**
SRM Institute of Science and Technology

- Postgraduate programme in advanced computing with a focus on data analytics, machine learning and databases.
- Applied deep learning in the PlantShield AI project and extended skills in Python, SQL, Power BI and Tableau.

B.Sc. Computer Science **2021 – 2024**
Dr. SNS Rajalakshmi College of Arts and Science

- Built a strong base in programming, data structures, database management and software development.
- Took part in extra workshops in Power BI, JavaScript and ReactJS, AWS cloud computing and cyber security.

HSC **2021**
Sri Vinayaga Vidhyalaya Sr. Sec. School – 68%

SSLC **2019**
Sri Vinayaga Vidhyalaya Sr. Sec. School – 55.8%

CERTIFICATIONS

- Enterprise Design Thinking Practitioner
- Hands-on Cloud Computing with AWS Bootcamp – certified by Google, Microsoft and Devtown
- JavaScript and ReactJS Workshop and Project – Devtown
- Power BI Workshop
- Cyber Security Workshop

SOFT SKILLS & LANGUAGES

- Clear communication and data storytelling; analytical thinking and problem solving
- Quick learner who enjoys workshops, bootcamps and new tools
- Languages: Tamil, English
