SACHIN S

B.SC COMPUTER SCIENCE STUDENT

Bhavani, Erode | +91 99657 80520 | sachinsathiya06@gmail.com | github.com/Sachin-S543 | linkedin.com/in/sachin-s

PROFILE

B.Sc Computer Science student (4th semester) with an interest in applied cryptography and full-stack web development. Built Inkrypt, a personal diary application with client-side encryption, as a self-directed project. Presented a paper on Blockchain Technology at a National Level Seminar and won First Prize at Startup Spark 2025.

EDUCATION

VET Institute of Arts and Science College *2024 – 2027*
B.Sc Computer Science | 4th Semester | 77% (Current)

Higher Secondary Certificate (HSSC) *2024*
First Class | 66%

Secondary School Leaving Certificate (SSLC) *2022*
First Class | 60.6%

TECHNICAL SKILLS

Programming Languages: Java, Python (Basics)
Tools: MS Office, Git, GitHub
Platforms & Other: Linux, Shell Scripting, AWS, Networking

PROJECTS

Inkrypt — Zero-Knowledge Encrypted Diary
Live Demo | GitHub

- Personal diary application secured with client-side encryption for private, secure journaling.
- Deployed live on GitHub Pages: sachin-s543.github.io/Diary

Campus Mentor
campus-mentor.in

- Personal project built and refined since first year; a web application bridging alumni and students, now deployed live so anyone can visit.

PUBLICATIONS & RESEARCH

Blockchain Technology: Architecture, Applications and Future Directions *2024*

- Presented at a National Level Seminar; covers distributed consensus mechanisms, smart contract security, and real-world blockchain adoption barriers.

CERTIFICATIONS

- Certified Python Developer (Basic) — MSME, Government of India
- National Level Seminar Speaker Certificate — Blockchain Technology
- AWS Certified Cloud Practitioner

ACHIEVEMENTS & LEADERSHIP

- First Prize — Startup Spark 2025 (entrepreneurship and innovation competition)
- AWS Student Builder Group Leader
- Joint Secretary, Coding Club
- Executive Member, Chetana Student Council

EXPERIENCE

Cloud Engineer Intern — Litz Tech *June 1 – June 15 2026*
15-Day Internship

- Completed a 15-day internship in the Full Stack Development domain.
- Learned core networking and cloud fundamentals, and assisted in deploying projects.
