Professional Summary

Computer Science Engineering undergraduate with practical experience in Java, Spring Boot, Spring Data JPA, MySQL, and RESTful API development. Experienced in building backend applications, implementing CRUD operations, and designing scalable software using object-oriented principles. Passionate about backend engineering, problem solving, and continuously learning modern technologies.

Academic Qualification

B.E. Computer Science and Engineering — **CGPA - 8.5**
KSR Institute for Engineering and Technology — **2023 – present**

Board of Higher Secondary Education (HSC) — **Percentage - 85%**
Government Higher Secondary School — **2023**

Secondary School Leaving Certificate (SSLC) — **Percentage - 100%**
Vivekanandha Vidhya Bhavan — **2021**

Technical Skills

Languages: Java, SQL

Frameworks: Spring Boot, Spring Data JPA

Web: HTML5, CSS3

Database: MySQL

Tools: Git, GitHub, Maven, Postman

Concepts: REST APIs, CRUD, JDBC, Collections, Exception Handling

Internship

Frontend Developer Intern — July 2024

Code Bind Technologies, Chennai

- Developed responsive web pages using HTML5 and CSS3.
- Implemented mobile-first layouts and cross-browser compatibility.
- Collaborated with UI designers and resolved front-end issues.
- Optimized webpage responsiveness and improved user experience.

Projects

LibraCore – Library Management System

Java — Spring Boot — Spring Data JPA — MySQL — Maven — Postman

- Developed RESTful APIs using Spring Boot.
- Implemented CRUD operations for library books.
- Integrated MySQL using Spring Data JPA.
- Tested APIs with Postman.
- Followed layered architecture (Controller, Service, Repository, Entity).

EduProfile – Student Profile Management System

Java — JDBC — MySQL

- Developed a Java application for student profile management.
- Implemented CRUD operations using JDBC and MySQL.
- Added validation, search and filtering features.
- Optimized SQL queries for faster data retrieval.

Certifications

- NPTEL – Sustainable Happiness (Elite Gold)
- NPTEL – Cloud Computing (Elite)
- Java Programming (Coursera)

Leadership & Achievements

- Google Developers Group (GDG) Competitive Programming Lead (2024–2025).
- Organized and coordinated technical hackathons and coding events under GDG.
- Participated in Google Solution Challenge, collaborating on innovative software solutions.
