INTERNSHIP EXPERIENCE

Data Analytics Intern | Techvolt Software *Jan 2026*

- Worked on Python-based data analytics tasks, contributing to preprocessing and reporting modules.

Mobile App Development Intern | Zen1 Tech Park, Coimbatore *July 2026*

- Assisted with mobile application development tasks during a short-term internship program.

PROJECT

Explainable AI in Medical Diagnosis

- Developed an Explainable Artificial Intelligence (XAI) system to predict whether a medical case is benign or malignant.
- Integrated explainability techniques to provide clear, interpretable reasoning behind model predictions.
- Enhanced transparency and trust for healthcare professionals by enabling better understanding and validation of model decisions.

ACHIEVEMENTS & EXTRACURRICULAR ACTIVITIES

- Completed Python training under the MSME Training Programme
- Completed training in Cloud Computing
- Runner-up, "Varthagam – Building Futurepreneurs" (Vet Institute of Arts and Science)
- Indoor Football — National level participant
- Athletics — District level participant
- Carrom — District level participant
