DHANAPAL G

9345295717 dhanapal.23ece@sonatech.ac.in linkedin.com/in/dhanapal-g-203b68361 Salem, India

CORE SKILLS

Programming
Python,java-basics,SQL,DBMS
Embedded
ESP32,Arduino uno,Microcontrollers
Tools
Arduino,Altera,ADS

TECHNICAL FOCUS

- Software Development
- Programming
- Problem Solving

KEY STRENGTHS

- Analytical problem-solving
- Strong logical reasoning
- Quick learner
- Team collaboration

AREAS OF INTEREST

- Software Development
- Digital Image Processing
- Embedded System and IoT

CO-CURRICULAR

- Participated in a Workshop on Basics of Battery Technology at Kongu Engineering College.
- Completed a 2-day Workshop on IoT and Sensors using LoRaWAN conducted by Enthu Technology Solutions India Pvt Ltd (April 2025).
- Participated in the Sona Speakers Forum.

CAREER OBJECTIVE

Motivated Electronics and Communication Engineering student with knowledge of Embedded Systems, C Programming, Microcontrollers, Digital Electronics, and IoT. Seeking an entry-level opportunity in a core electronics company to apply my technical knowledge, develop practical skills, and contribute to innovative hardware and embedded system solutions while continuously learning new technologies.

EDUCATION

B.E in Electronics and Communication Engineering (2023–2027)
Sona College of Technology, Salem
CGPA: 7.88 / 10
HSC (2022-2023)
Sri Bharathi Vidiyala Matric Higher Secondary School
Percentage: 73.66%

PROJECTS

E-Vehicle Accident Prevention & Detection System

Objective : Develop a sensor-based embedded safety system for real-time accident detection.

Technologies : Embedded C, Microcontroller, Sensors

Image Forgery Detection Using Digital Image Processing

Objective: To detect image tampering and identify forged regions using digital image processing techniques.

Technologies: Python, OpenCV, NumPy, Digital Image Processing (DIP), Jupyter Notebook.

INTERNSHIP

BOT-GRT: High-Speed Graphite Pick & Place Automation System

Organization: Titan Engineering & Automation Limited (TEAL)

Duration: May 2026 – June 2026

CERTIFICATIONS

• Data Structures & Algorithms using Java – Infosys Springboard
• Design Thinking – NPTEL (Elite+silver, 75%)
•Java - Live wire, Salem
• SQL-Sona college of technology
• Introduction to Java – Infosys Springboard
