SAFIYA BAHIRA

8668166016 | Tamil Nadu, India | safiyabahiram24aid@vetias.ac.in

CAREER OBJECTIVE

Final-year B.Sc. Computer Science (Artificial Intelligence & Data Science) student seeking a fresher role in Data Science, AI Engineering, Python Development, or Business Intelligence. Aiming to apply hands-on experience in building a RAG-based AI application and real-world ML/data workflows to deliver measurable value for the organization, while continuing to grow expertise in AI, machine learning, and data-driven technologies.

TECHNICAL SKILLS

Languages: Python, SQL

Data Science: NumPy, Pandas, Data Cleaning, EDA, Model Evaluation, Statistical Analysis

Databases: FAISS, MySQL, CSV-based Data Management

Tools: VS Code, Excel Sheets

PROFESSIONAL EXPERIENCE

Data Science Intern — Vidhai AI Solutions, Coimbatore, India *Jan 2026 – Feb 2026*

- Performed end-to-end data collection, cleaning, and preprocessing for ML projects, ensuring high data quality for downstream analysis.
- Applied Python, NumPy, Pandas, and SQL to analyze and transform structured datasets, improving pipeline efficiency.
- Contributed to predictive models for business challenges, gaining exposure to full ML workflows (training, validation, evaluation).

PROJECTS

Fake News Detection

Python, NLP, Text Processing, Classification, Data Preprocessing

- Developed a Fake News Detection system using Python and Natural Language Processing (NLP).
- Preprocessed and cleaned news article datasets for analysis.
- Applied text-processing techniques to identify patterns in news content.
- Built a classification approach to distinguish between real and fake news.
- Used Python libraries for data processing and text analysis.

EDUCATION

B.Sc. Computer Science (Artificial Intelligence & Data Science) *2024 – 2027 (Expected)*

VET Institute of Arts and Science College, Erode | Affiliated to Bharathiar University, Coimbatore

12th Standard — 86% *2023 – 2024*

10th Standard — 83% *2021 – 2022*

CERTIFICATIONS

- Certified Python Developer — Debugging & Advanced Python Concepts, covering OOP, Data Structures, Exception Handling, and File Handling (2025)
- Certified in Data Science — covering Python for Data Science, Statistics, Exploratory Data Analysis, Machine Learning Algorithms, and Data Visualization (2026)

ACHIEVEMENTS

- Won 3rd Prize in a Quiz Competition
- Received a Certificate of Achievement for participating in a Debugging Competition
