SANDHIYA S

Mayiladuthurai, India | +91 8807415660 | dhiya030620@gmail.com

SUMMARY

Motivated and Mechatronics Engineering graduate with knowledge of mechanical design, electronics, automation, and embedded systems,PLC. Strong problem-solving skills, quick learner, and passionate about developing efficient engineering solutions. Eager to contribute to a dynamic organization while continuously enhancing technical and professional skills.

EDUCATION

B.E (MCT) : Percentage : 82, *K.S.Rangasamy College of Technology (Autonomous)*	2023 - 2027 | Tiruchengode
HSC : Percentage : 71, *Silver Jubilee Matric Hr Sec School*	03/2023 | Mayiladuthurai
SSLC : Percentage : All pass , *Silver Jubilee Matric Hr Sec School*	03/2021 | Mayiladuthurai

PROJECTS

Dual – use Piezo in Power Looms (MSME 4.0)

- This Project shows how Piezo can damp the loom sound while working and generate the vibration into useful electrical energy for small applications within loom.

Tire – Powered SpinCharge

- This Project shows how Piezo can absorb the vibration generated from tire and generate it into useful electrical energy and be used within the vehicle's small electrical applications.

Multi Directional Dog Robot

- A Multi Directional Robot is designed to move in multiple directions, mimicking a dog's motion for flexible navigation and robotic applications.

Adjustable Smart Toilet (SIH)

- An adjustable smart toilet designed to assist handicapped people by providing enhanced comfort, accessibility, and hygiene through automated features.

Automated Ration Machine (ARM)

- An Automated Ration Machine (ARM) works like an ATM to automatically dispense ration items securely and efficiently to users.

INTERNSHIP

Funobotz Paper Robotics Pvt Ltd

September 2025 (4 Weeks)

- I received practical training in robotics, embedded systems, automation, and hardware integration at Funobotz Paper Robotics Pvt Ltd.

EduSkills – EV Design & Simulation

May 2026 (2 Weeks)

- The internship aims to foster proficiency in the EV system domain, enabling me to become expect in this field.

CERTIFICATIONS

Successfully completed an internship in the Robotics Research Engineer in 2025 offered by Funobotz Paper Robotics Pvt Ltd.

Successfully completed a Virtual Internship in EV Design & Simulation in 2026 offered by EduSkills.

Successfully completed Honour's Diploma in Computer Application Certificate in 2023 (C, C++, PYTHON).

WORKSHOPS

Workshop on Deep Learning and Neutral Networking 03/2024

- Conducted by Karpagam Institute of Technology

Workshop on Robotics Process Automation 03/2024

- Conducted by Karpagam Institute of Technology

Workshop on Robotics Manipulator 03/2025

- Conducted by Kongu Engineering

SKILLS

AutoCAD (Intermediate) | **PLC** (Intermediate) | **SolidWorks** (Intermediate) | **C, C++, PYTHON** (Intermediate)

Manufacturing Automation (Intermediate) | **MS Office** (Expert)

LANGUAGES

Tamil (Highly Proficient) | **English** (Highly Proficient)

HOBBIES

- Reading Books
- Cooking
