PROFESSIONAL SUMMARY

Final-year B.Sc. Computer Science (AI & Data Science) student with a strong foundation in Java, Spring Boot, and SQL, along with frontend development skills in HTML and CSS. Possess basic knowledge of Python, Machine Learning, and Data Science, with hands-on experience in website deployment and domain configuration. Experienced in building web and AI-based projects using agentic AI tools, deploying applications on cloud platforms, and designing interfaces in Figma. Seeking an entry-level Java Developer or Software Developer role to apply programming skills and continue developing as a software professional.

TECHNICAL SKILLS

Programming: Java, SQL, Python (Basic)
Frameworks: Java Spring Boot
Frontend: HTML, CSS
AI / Data Science: Machine Learning, Data Science, Python-based Machine Learning
AI Tools: Agentic AI (Building Web & App Projects Using AI Tools)
Deployment & Cloud: Website Deployment, Cloud Deployment, Deployment Tools, Domain Configuration, Custom Domain Setup
Design: Figma, Graphic Design, Logo Design, UI Design

PROJECTS

Skill Connect — Skill Exchange & Knowledge Sharing Platform

Technologies: Java, Spring Boot, Figma

- Developed a platform that helps people connect and communicate with others and share their knowledge.
- Uses a barter (skill-exchange) method so users trade knowledge with no charges; web design done in Figma.

HeartGuard AI — Heart Disease Prediction

Technologies: Python, Machine Learning

- Developed an AI-based heart disease prediction model using Python and ML that helps users assess their risk.
- Built and deployed the project as a web-based application.

Project Link: nowfiyahakeem.github.io/HeartGuard-AI

ProofVault — Digital Invoice & Warranty Organizer

Technologies: Web Development, Cloud Deployment, Figma

- Developed a web application that allows users to securely organize and store invoices and warranty information.
- Reminds users of warranty expiry dates; deployed online and designed the app interface in Figma.

Live Project: proof-vault.onrender.com | Figma Design: figma.com/design/.../PROOFVAULT

INTERNSHIPS

Data Science & Machine Learning Intern — Vidhai AI *Dec 2025 – Jan 2026*

- Completed an internship in Data Science and Machine Learning, gaining practical exposure to working with data and ML concepts.

Cloud Engineering Intern — Nobel Tech Software *2026*

- Completed a Cloud Engineering internship, gaining practical exposure to cloud engineering and deployment concepts.

FREELANCE EXPERIENCE

Freelance Graphic & Logo Designer — Self-Employed *2025 – Present*

- Worked on freelance graphic and logo design projects for real-world clients, including a logo for a real estate business.
- Used Figma for creating and developing design concepts.

Sample Project: figma.com/design/.../PRITHVI-PROMOTERS

EDUCATION

B.Sc. Computer Science (Artificial Intelligence & Data Science) — Final Year

VET Institute of Arts and Science

- Higher Secondary (12th): 90% | 2023–2024
- SSLC (10th): 75% | 2021–2022

ADDITIONAL INFORMATION

Awards & Achievements

- Allied Subject Topper Award – VET Institute, 2024
- 2nd Prize, District-Level Essay Writing

Certifications

- Basic Python Developer Certificate
- Multimedia Certificate – 2022

Languages: English, Tamil, Malayalam (Basic)
