PROFILE

Data Science student with a strong interest in data analysis, statistics, and machine learning. Familiar with tools such as Python, Excel, and SQL for analyzing and interpreting data. Eager to apply theoretical knowledge to real-world projects and continuously develop skills in data-driven problem solving.

CERTIFICATIONS

- LinkedIn Python (Basics)
- SQL Basic Certification
- Data Analytics Master Class
- Data Analyst Intern Certificate – Brianery Spot Technology

SKILLS

Programming Languages	Python (Numpy, Pandas), SQL
Data Visualization	PowerBI, Tableau
Tools	Jupyter Notebook, Google Colab, Visual Studio Code, Excel
Soft Skills	Analytical Thinking, Problem Solving, Communication, Data Storytelling

EXPERIENCE

Data Analysis Intern **12/2025 – 01/2026**
Brianery Spot Technology, Coimbatore

- Completed a Data Analytics internship gaining hands-on experience in data cleaning, analysis, and visualization.
- Utilized Excel and SQL to clean datasets, remove duplicates, apply functions, and retrieve filtered data.
- Developed interactive dashboards using Tableau and Power BI to visualize sales trends and generate insights.

PROJECTS

Sales Forecasting Using Time Series Analysis

- Sales Forecasting Using Time Series Analysis is a data analytics project that predicts future sales based on historical sales data. It uses time series techniques to identify trends, seasonal patterns, and sales fluctuations over time.
- Forecasts future sales using historical data, helping businesses make reliable business decisions.
- Supports budgeting, production planning, and resource allocation using forecasted sales trends.

Email Triage Environment

- Created an Open Env framework for training AI agents on workplace email tasks to improve efficiency.

EDUCATION

B.Tech. Artificial Intelligence and Data Science **2023 – 2027**
Excel Engineering College

Higher Secondary Certificate (HSC) **2021 – 2023**
