AASHIQ MOHAMED R

Electronics & Communication Engineering Student

+91 7810088166 | aashiqmohamedofficial@gmail.com | linkedin.com/in/aashiq-mohamed-r-3a44123b | github.com/aashiqmohamedofficial-dotcom

CAREER OBJECTIVE

Aspiring Electronics and Communication Engineering student with hands-on experience in Embedded Systems, IoT architecture, C Programming and sensor interfacing. Seeking an opportunity to leverage strong hardware-software integration and validation skills in a core R&D engineering environment, driving robust and innovative embedded product solutions.

EDUCATION

B.E. ECE (2023 – 2027)
Sona College of Technology, Salem
CGPA: 7.46 / 10

HSC (Class XII) | 2023
URC Palaniammal Matric HSS, Erode
Score: 82.66%

SSLC (Class X) | 2021
URC Palaniammal Matric HSS, Erode
Result: All Pass

TECHNICAL SKILLS

Languages: C, Python, Verilog HDL
Core Domains: Embedded and IoT
Tools & IDEs: MATLAB, Arduino IDE, Git
Databases: MySQL

AREAS OF INTEREST

- Embedded Systems & Firmware
- IoT Hardware Product Design
- Circuit & Sensor Interfacing

KEY STRENGTHS

- Analytical & Debugging Mindset
- Teamwork & Technical Adaptability

LANGUAGES

- English (Read, Write, Speak)
- Tamil (Read, Write, Speak)
- Hindi (Spoken)
- Urdu (Spoken)

PROJECTS & PATENTS

Elder Guard – Smart Sanitation Alert System

- Developed an ESP32-based IoT safety monitoring system for elderly fall/emergency detection.
- Integrated sensors with automated real-time alerts to caregivers via Telegram.
- **Tools Used:** ESP32, PIR Sensor, Arduino IDE
- **Patent Application:** 202641071861 | **Published:** 19 June 2026

Real-Time Fetal Heart Sound Detection System

- Designed a hardware-accelerated architecture for biomedical signal acquisition and processing.
- Implemented real-time noise filtering and peak detection for fetal heart sound analysis.
- **Tools Used**: Quartus II, MATLAB
- **Patent Application:** 202641049213 | **Published:** 01 May 2026

INTERNSHIP

IoT Product Design and Testing Intern | KrishTec, Coimbatore
Period: 01.06.2026 – 15.06.2026

- Completed hands-on training and lab testing for connected IoT devices and sensor modules.
- Gained practical exposure to embedded firmware validation, QA testing protocols, and hardware verification.

CERTIFICATIONS

- Industry 4.0 & IoT – NPTEL (Elite + Silver)
- Design Thinking – NPTEL (Elite + Silver)
- RTOS Certification - QNX
- SQL – LND Solutions
- Digital 101, Data Processing & Acquiring Data – NASSCOM

CO-CURRICULAR & HIGHLIGHTS

- Student Vice Chairman – ECE Department, coordinating student–faculty communication and departmental activities
- Active participant in technical events, workshops, and electronics-related activities.
