CAREER OBJECTIVE

Problem-solving AI & ML enthusiast with a passion for research-driven innovation. Recognized with a patent for creative solutions, driven to make an impact through challenging projects, and committed to continuous learning, collaboration, and meaningful contributions through technology.

TECHNICAL SKILLS

- **Languages:** Java , Python, SQL
- **Problem Solving:** Basic DSA using Java
- **Web Development:** HTML, CSS
- **Tools:** Eclipse, Google Colab, VS Code

EDUCATION

B.Tech in Artificial Intelligence And Machine Learning 2022–2026
K. Ramakrishnan College of Engineering GPA: 9.48 / 10.0

Youth Welfare Matric Hr. Sec. School, Kumbakonam
HSC (2022) 85.3%
SSLC (2020) 90.4%

INTERNSHIP EXPERIENCE

Galwin Technologies | Python Developer Intern Jan – Mar 2024
- Gained practical experience in data handling and basic software development practices.
- Learned to work with datasets and implemented simple Python scripts for data processing.

Edunet Foundation | Azure AI Virtual Internship Jun – Jul 2024
- Explored Machine Learning and AI concepts using Python and AI tools.
- Developed small projects to understand practical applications of ML models.

PROJECTS

Cotton Harvester Rover (Patent Filed)
- Designed an autonomous rover using YOLOv5 and Raspberry Pi for ML-based cotton quality detection.
- Implemented adjustable height mechanism and automated picking system.
- Integrated Pi Camera, GPS, and weather monitoring for field-level operation.

INKLingua - Multilingual Document Processor
- Developed a Python and Streamlit web application to extract and translate text from images and PDFs.
- Achieved around 95% accuracy in Tamil–English translation.

CERTIFICATIONS

- Infosys Springboard: Artificial Intelligence (2025)
- NPTEL: Cloud Computing (2025)
- AWS Certified Cloud Practitioner (2024)
- NPTEL: Machine Learning (2024)

ACTIVITIES & ACHIEVEMENTS

Activities
- Active LeetCode and SkillRack user
- IEI Student Member
- Participant – National Hackathon 2025

Achievement
- **Best Outgoing Student** – AI & ML Department, KRCE, 2026
