SURENDHAR S

8925165153 surendharsaravanan245@gmail.com linkedin.com/in/surendhar2405

PROFESSIONAL SUMMARY

To obtain an entry-level Production role where I can apply my engineering, troubleshooting, problem-solving, and teamwork skills while developing my knowledge of manufacturing processes and quality improvement.

EDUCATION

2023 - 2027	Kongunadu College of Engineering and Technology,Trichy
Degree	B.E Biomedical Engineering CGPA : 8.3
2022 - 2023	Government Higher Secondary School R.Pudhupakam,Rasipuram
HSC	Percentage : 71 %

SKILLS

Programming Language	Java	**Web technologies**	HTML , CSS , Java Script
Data Base	MYSQL	**Healthcare Standard**	HL7 v2 , FHIR
Tool	Mirth Connect	**Soft Skills**	Leadership, Problem Solving, Team work.
API & Integration	REST API, JSON, XML		

INTERNSHIPS

CodeBind Technologies – Web Development Intern **Dec 2025**

- Developed responsive web applications using HTML, CSS, JavaScript, PHP, and MySQL.
- Implemented forms, database connectivity, and real-time web development solutions.

Anchor Medical Devices | Biomedical Engineering Intern **June 2025**

- Gained hands-on experience in medical equipment operation, troubleshooting, and preventive maintenance.
- Assisted in prototype development and applied biomedical engineering concepts to real-world healthcare devices.

PROJECTS

Wearable Gait Monitoring System

Tech Stack : Embedded C, Arduino IDE, Processing IDE, Serial Communication

- Developed a wearable gait monitoring system using ESP32, MPU6050 IMU, and FSR sensors.
- Processed real-time gait data and provided avatar-based rehabilitation feedback.

Hospital Management System with HL7 Integration

Tech Stack : Mirth Connect, HL7 v2.x, Java, MySQL, JDBC, TCP/MLLP

- Built an HL7 integration system using MirthConnect and MySQL.
- Processed real-time patient data and enabled interoperability using TCP/MLLP.

ACHIVEMENTS

- Secured Runner-up in the India–Israel Hackathon, a national-level innovation competition held at Saikheda, Madhya Pradesh.
- Achieved Runner-up in an intra-college hackathon for developing an innovative technical solution.

CERTIFICATES

Java – yellow Matics | Medical Coding - Thought Flows | IOT ,Organizational Behaviour – NPTEL
