PROFESSIONAL SUMMARY

Artificial Intelligence and Data Science graduate with hands-on experience in developing cross-platform mobile applications using Flutter and Firebase. Built user-centric solutions, including real-time transit tracking and personal finance management applications. Proficient in responsive UI development, cloud-based application development, and software engineering best practices, with strong problem-solving skills and a passion for building scalable software.

SKILLS

HTML & CSS | Python | Java | Flutter | Firebase | AWS

PROFESSIONAL EXPERIENCE

Full Stack Web Development Intern Dec 2023 – Jan 2024
8Queens Software Technologies Private Limited Chennai, Tamil Nadu

- Completed a Full-Stack Web Development internship, gaining hands-on experience in HTML, CSS, SDLC, and application architecture.

Cloud Computing Trainee Dec 2024 – Jan 2025
Techforge Salem, Tamil Nadu

- Gained hands-on experience in Linux, Kali Linux, cloud computing, system administration, and network security through practical training.

PROJECTS

Mothercare+ Oct 2025 – Nov 2025

- Developed a maternal healthcare web application for online appointment booking with real-time slot scheduling and automated notifications.
- Integrated prescription management to streamline patient care and reduce clinical waiting time.

TNSTC Live Tracking Jan 2026 – Mar 2026

- Developed a GPS-based web application for real-time TNSTC bus tracking, enabling route-based location monitoring and ETA prediction to provide accurate live bus updates and improve passenger travel planning while reducing waiting time.

EDUCATION

Bachelor of Technology – Artificial Intelligence and Data Science CGPA: 7.6 2022 – 2026
Excel Engineering College, Namakkal, Tamil Nadu

HSC (45.33%) & SSLC (80.4%) 2020 – 2022
KRP Matric Hr Sec School
