PROFESSIONAL SUMMARY

Proactive and detail-oriented graduate with strong problem-solving, organizational, and data analysis capabilities. Experienced in managing project lifecycles, structured documentation, and cross-functional team coordination. Skilled at leveraging digital tools and analytical thinking to streamline processes, solve complex operational challenges, and support organizational growth in non-technical and business-driven roles.

KEY SKILLS

Core Competencies: Operations Support, Project Coordination, Analytical Thinking, Process Optimization, Problem-Solving, Team Collaboration

Business & Digital Tools: Microsoft Excel / Spreadsheets, MySQL / Database Management, Canva, Process Documentation

Soft Skills: Adaptability, Task Prioritization, Critical Thinking, Time Management, Interpersonal Communication

PROFESSIONAL EXPERIENCE

Project & Technical Intern — **Cognifyz Technologies Pvt Ltd** Apr 2024 – May 2024

- Designed structured data-entry forms, significantly improving accuracy and minimizing input validation errors.
- Conducted user workflow testing to optimize task execution efficiency and enhance overall user experience.

Operations & Development Intern — **Techforge** *(Salem)* Jun 2023 – Jul 2023

- Managed structured documentation and responsive design layouts for client-facing web modules.
- Coordinated closely with cross-functional peers to ensure project milestones were achieved on schedule.

Trainee — **Pantech e Learning Pvt Ltd** Apr 2023

- Collaborated on end-to-end task workflow design and backend database structuring.
- Documented system specifications and structured relational databases using MySQL.

KEY PROJECTS & INITIATIVES

Leave Management System

- Built a streamlined portal for handling leave requests, balance tracking, and status monitoring to simplify internal administrative overhead.

Task & Workflow Management Platform

- Designed an operational tracking system to monitor multi-stage project deliverables and manage task dependencies effectively.

E-Commerce Operations Interface

- Created an interactive digital catalog interface managing inventory display and simulated transaction flows.
