LinkedIn: @BalaMuruganPM | LeetCode: @Bala Murugan PM

CAREER OBJECTIVE

To secure a challenging position in a forward thinking organization where I can apply my engineering expertise and innovation mindset. I seek opportunities that allow me to learn, grow, and actively contribute to the development of sustainable and impactful solutions.

EDUCATION

Bachelor of Technology in Information Technology

Paavai Engineering College | Pursuing | CGPA: 7.02

Higher Secondary Certificate (HSC)

Ashram Higher Secondary School | 75% | 2023

Secondary School Leaving Certificate (SSLC)

Ashram Higher Secondary School | 99% | 2021

TECHNICAL SKILLS

Fullstack Development

Programming: Python, Java, HTML

Mathematics

Database: SQL

PROJECTS/CERTIFICATIONS

Automated Blood Group Detection Using AI

- Developed a deep learning model using labeled images of blood agglutination test results.
- Focused on accuracy, efficiency, and minimizing false detection.
- System processes the image, runs it through the trained AI model, and displays the blood group instantly.

ZATE – Zero Trust AI Threat Evaluator

Developed a software-based Zero-Trust security system using React.js, FastAPI, Python, and Scikit-learn to detect suspicious access and calculate risk in real time. Implemented SQLite, JWT, and OTP/MFA to dynamically allow, challenge, restrict, or block users based on risk level.

E-Commerce Web Application

Built a fullstack e-commerce platform with product listings, cart, and order management using HTML, Java, and SQL. Implemented a relational database schema to handle inventory, users, and transactions efficiently.

Network Intrusion Detection System

Built a machine learning-based system to classify network traffic as normal or malicious using Python and Scikit-learn. Trained the model on labeled network traffic data to flag suspicious patterns in real time.

SOFT SKILLS

- Time Management
- Decision making
- Adaptability
- Team work
- Problem Solving

INTERNSHIPS & WORKSHOPS

Web Development

NSIC Company | June 18, 2025 – July 18, 2025

Machine Learning with Python

Techvolt Software Technologies | July 17, 2025 – Sep 02, 2025

EXTRA-CURRICULAR ACTIVITIES

- Leadership Role
- Sports: Cricket, Chess, Badminton
- Drawing
- Creating Websites

AREAS OF INTEREST

Cloud Computing | Ethical Hacking | App Development | UI/UX Design | Machine Learning | Deep Learning
