Profile Summary

Aspiring Web Developer with strong foundational skills in HTML, Python, Java, and MongoDB. Passionate about building efficient, user-friendly web applications. Hands-on experience through academic projects and an AI internship, with the ability to analyze problems, apply logic, and deliver clean, maintainable code. Highly adaptable, eager to learn modern technologies, and committed to continuous improvement.

Technical Skills

- **Programming Languages:** Python, Java
- **Web:** HTML, CSS
- **Database:** MongoDB, MySQL

Professional Experience

IDM Tech Park *Artificial Intelligence Intern — 15 Days 2024*

- Gained foundational knowledge of Artificial Intelligence and Machine Learning, including model development, training, and real-world applications.
- Learned the use of Python, NumPy, Pandas, TensorFlow, and PyTorch for data processing and AI model implementation.
- Acquired understanding of Neural Networks, including pattern recognition, prediction, and deep learning concepts.
- Developed awareness of AI ethics, data privacy, and responsible AI practices for future technology development.

Projects

Job Finder Platform for Low-Literacy Workers *HTML, CSS, Python (Flask), MongoDB, MySQL*

- Designed and developed a user-friendly platform that connects workers with employers based on skill and location.
- Implemented a simplified interface to reduce communication barriers for low-literacy users.
- Integrated Flask backend with MongoDB/MySQL for reliable job matching and faster employment search.

Certifications

- Object-Oriented Programming using Python – Infosys (2024)
- Python Full Stack Developer Virtual Internship – Eduskills (2024)
- Artificial Intelligence Fundamentals – Great Learning (2024)
- Creating Responsive Web Pages using Bootstrap 4 – Infosys (2024)
- JavaScript – Infosys (2024)
- Java, C++, Python – Cybernaut's Tech Trio (2025)

Achievements

- Successfully completed “Soft Skills Development” certification by NPTEL.
- Participated in the National Level Technical Symposium CRYOSAT’25, Nandha College of Technology (2025).
- Successfully completed ”Blockchain” Workshop conducted by K.S. Rangasamy College of Technology, DAKSHAA T25, (2025).
- Successfully participated in the “TN Impact National Level Hackathon**”** held at Sona College of Technology (2026)**.**
- Participated in the System Sense technical event at Dakshaa’26 organized by K.S.Rangasamy College of Technology(2026).

Education

B.Sc Computer Science *2023–2026*

KSR College of Arts and Science for Women

HSC 2022 - 2023

Vidyaa Vikas Matriculation higher secondary school

SSLC 2020 – 2021

KSR Matriculation higher secondary school

Soft Skills

- Teamwork
- Problem Solving
- Adaptability
- Time Management
