Namakkal, Tamil Nadu, India

Summary

Computer Science graduate with hands-on experience in Java Full Stack Development and strong foundations in Java, Spring Boot, REST APIs, SQL, and web technologies. Experienced in developing database-driven applications, implementing back-end services, and applying object-oriented programming concepts. Seeking an entry-level software development opportunity to contribute to reliable applications while continuously strengthening technical and problem-solving skills.

Technical Skills

Languages: Java, Python, JavaScript, SQL
Backend & Core: Spring Boot, Hibernate, JDBC, Servlets, JSP, REST APIs
Web: HTML5, CSS3, React.js
Databases: MySQL, PostgreSQL
CS Fundamentals: OOP, DSA, DBMS, Collections, Exception Handling
Tools: Git, GitHub, Postman, Maven, Eclipse, VS Code, MySQL Workbench

Experience

Java Full Stack Development Intern July 2025
R Tech Solution *Perambalur, Tamil Nadu*

- Completed a one-month Java Full Stack Development internship covering Java programming, web development, database concepts, and application development.
- Gained hands-on exposure to developing Java based applications and applying object oriented programming concepts.
- Applied Java, SQL, HTML, CSS, and JavaScript concepts through practical development activities.

Web Designing Intern Feb 2024 – Mar 2024
Odugaatech *Salem, India*

- Built responsive web applications using HTML, CSS, and JavaScript, improving UI usability across devices.

Projects

Smart Job and Placement Management System | *Java, Spring Boot, Hibernate, REST APIs, MySQL* May 2026

- Developed a role-based placement management system for students, companies, applications, interviews, and results.
- Built REST APIs using Spring Boot and managed data using Hibernate and MySQL.

Bus Reservation System | *Java, Spring Boot, MySQL* Nov 2025

- Developed a web-based reservation system with seat booking, cancellation, and passenger data management.
- Applied OOP, Collections Framework, and exception handling for reliable application functionality.

A Multimodal Assistive Framework for Visually Impaired Users | *Python, YOLO, BLIP, EasyOCR* May 2026

- Developed an AI-powered assistive system integrating object detection, image captioning, OCR, and text-to-speech; presented at ICOST 2026.

Education

Mahendra Engineering College for Women 2022 – 2026
Bachelor of Computer Science and Engineering, CGPA: 8.17 *Namakkal, India*

Government Higher Secondary School 2020 – 2022
HSC : 83% • *SSLC : 78%* *Namakkal, India*

Certifications

NPTEL, IIT Kharagpur – Programming in Java, Database Management System, Cloud Computing (Elite), Introduction to IoT (Elite+Silver, Topper)
TalentNext, Wipro – Java Full Stack
Pirple / GUVI HCL – Frontend Fundamentals (HTML5, CSS3, JavaScript)

Publications & Achievements

A Multimodal Assistive Framework for Visually Impaired Users – ICOST 2026 (Mar 2026)
Building Trust in Data Lakes: Security, Privacy & Quality Management – ICCBIET 2025 (Dec 2025)
Consolation Prize, Edu-Hack Inspire2K24 Hackathon – Mahendra Engineering College (Nov 2024)
Second Prize, TechFest 2K25 Codathon – Paavai College of Engineering (Apr 2025)
