Career Objective

Final year B.E. ECE student at Madha Engineering College, Anna University, seeking internship opportunities to apply academic knowledge, enhance technical skills, and gain practical exposure in electronics, embedded systems, or communication technologies.

Educational Qualification

Qualification	Institution	Board/University	Year
B.E. – ECE	Madha Engineering College	Anna University	2022 – 2026
HSC (12th Grade)	Sundaram Govt.Hr Sec school	State Board	2022
SSLC (10th Grade)	Sundaram Govt.Hr Sec school	State Board	2020

Technical Skills

- Programming Languages: C, Python, Embedded C
- Tools & Software: KiCad, MATLAB, Arduino IDE, GNU Octave, Keil uVision, SPICE
- Platforms: Arduino, Raspberry Pi
- Core Areas: Digital Electronics, VLSI, Microprocessors, Communication Systems

Soft Skills

- Leadership
- Communication
- Team Collaboration
- Time Management

Academic Projects

1. AI-Powered Facial Recognition Attendance System (Raspberry Pi)

- Developed contactless system using OpenCV & dlib
- Tools: Python, Raspberry Pi, face_recognition

2. IoT-Based Smart Campus Waste Management

- Monitored bin waste levels via sensors
- Real-time alerts & dashboard integration

Certifications & Online Courses

- Certificate of online course on VLSI SoC Design - Malven silicon
- UI/UX design

Webinars Attended

- VLSI in Automotive – MAVEN SILICON
- IoT Web Development – NOVI TECH
- Getting Started with AWS – IGNITER
- MicroWind VLSI Design – SIMS
- PCB design using Kicad - MIT,Anna University

Achievements & Roles

- Event Coordinator – College Symposium
- Winner in Circuit debugging - Kings Engineering College

Languages Known

- English
- Tamil (Native)

Declaration

I hereby declare that the above information is true to the best of my knowledge and belief.
