SOFTWARE SKILLS

- Autocad
- Creo

AREA OF INTEREST

DESIGN

RESARCH AND DEVELOPMENT

Experience

MAY -2025 at PRESENT

Company Name l DINESH EXPORTS PVT LTD, TIRUCHENGODE

ROLES AND RESPONSIBILITY

Preparing and updating Delivery Challans in ERP software

- Updating stock records and maintaining accurate inventory data
- Creating and maintaining buyer and shipping address details in ERP
- Handling allotment process for orders in ERP system
- Replying to buyer emails and handling routine mail communication
- Coordinating with buyers regarding order status, dispatch details and documentation
- Coordinating with warehouse and dispatch teams for timely deliveries

MARCH - 2024 at FEBUARY – 202D

Company Name l G.S Automation, Chennai

ROLES AND RESPONSIBILITY

- Preparing 3D models like sheetmetal and casting components like bracket, doors, guide rod, cylinder adapter and frame structure
- Using software tools like Creo and Autocad
- Create bill of materials using in excel format
- Preparing Design acceptance proposal (DAP) in customer requirements
- Create detailed drawings of each component and assembly using solidworks. Include dimensions, tolerances and other necessary information for manufacturing
- Review the design with your team or client for feedback and make any other revisions
- Once the design is finalized, you can use solidworks to generate manufacturing files such as STEP,IGES or STL for prototyping production

JUNE - 2022 at FEBRUARY - 2024

Company Name l Pumo Technovation Pvt Lt d, Coimbatore

PROJECT 1 : TECHNICAL PUBLICATION

Role⬩: Create 3D orientation views in creo parametric

PROJECT 2 : BESS

Role⬩: 2D Drafting and Detailing in creo parametric.

Roles and Responsibility :

- Creation of new & revision drawing. Modification in models if required.
- Good knowledge in product lifecycle management software like Team center, Enovia & windchill
- Basic Tolerances GD&T symbols as per CNHi Standarads.
- BOM update and maintain release activity and assembly documentation via ENOVIA
- Workflow managed through project management tools software bess tool.
- Preparation of Modeling and Detailing of Sheet Metal and
- casting components like Bracket, arm lift, tube & hoses, plates cabin assembly etc,
- capture drawings, model updates like weld replacement part replacement in assembly etc.., updating Enovia attributes, i-viewer.
- Knowledge on Casting & GD&T, 3D Welding.

Feb - 2020 at May – 2022

Company Name l **Micro Tech Engineering Service, Coimbatore**

DESIGN AND PRODUCT DEVELOPMENT

- Good developing part modelling components in Clearing dimension deviation & other quality discrepancies
- Conceptual designing with fulfilling customer requirements
- Proficient 3d modelling, assembly for sheet metal and casting components design using creo (6.0)
- Technical Verification of Enquiry Form & Understand the customer requirements
- Design of new component drawing and modification of existing design
- Teamwork Skills are essential in order to co-ordinate efforts with various people, usually within a given dead line
- I can do any kind of complicate design very smartly

May -2017 at July - 2018
Company Name | **CRI PUMPS PVT LTD, COIMBATORE**

MOTOR FITTING

- I have apprentice training completed in cri pumps pvt ltd, Coimbatore
- Handling on motor body parts
- Checking rotor shaft, thread and bracket size
- Problems fixing in motors
- Known 5s work

INDUSTRIAL TRAINING

- AMBAL AUTOMOBILES PVT LTD, Coimbatore, for a period of 7 days during July 2013
- BULL MACHINES PVT LTD, Coimbatore for a period of 20 days during July 2015

PROJECTS

Design and development of welding fixture

The project is about developing welding fixtures for the front end load chasis for tractor models swaraj 855 and mahindra & mahindra 575 Tractors & Transporter Box

Description :

The project is about providing solution for the identified problem. The problem can be solved by the design and fabrication of welding fixtures for the centre support and rear bracket for the front end loader chasis for the Mahindra and Mahindra 575 and swaraj 855 tractors the fabricated welding fixture reduce the set up time for welding upto 12mints and 13 mints approximately for the Mahindra & Mahindra 575 and swaraj 855 tractors respective.

DECLARATION

I hereby declare that the information given in this application is true and correct to the best of my knowledge.
