PROFESSIONAL SUMMARY

SAP Certified Back-End Developer (ABAP Cloud) and B.Tech AI & Data Science student with hands-on experience building SAP RAP and Fiori applications on SAP BTP, plus full-stack and local-LLM projects. Also certified in Azure, Docker and Google AI. Seeking a Graduate Engineer / SAP ABAP Developer role to build scalable enterprise and AI-enabled applications.

EDUCATION

Karpagam Institute of Technology 2023 – 2027

B.Tech in Artificial Intelligence and Data Science | Tamil Nadu, India

TECHNICAL SKILLS

SAP: ABAP, ABAP Cloud, CDS Views, RAP, OData, SAP Fiori, SAP BTP, S/4HANA

Programming: Java, Python, SQL, JavaScript, HTML, CSS

Frameworks & Libraries: Spring Boot, React.js, Node.js, Streamlit, Pandas

AI / ML: LLMs, Generative AI, NLP, TF-IDF, Ollama

Databases: MySQL, PostgreSQL

Tools & Cloud: Git, GitHub, VS Code, Docker, Azure

Core Concepts: OOP, Data Structures & Algorithms, DBMS, REST APIs

PROJECTS

Cinebook – Multiplex Management System | *SAP ABAP, CDS, RAP, OData, Fiori, BTP* 1 month

- Built an end-to-end cinema management app covering movies, screens, show schedules, ticket bookings, snacks and food orders.
- Designed CDS data models and implemented business logic using managed, draft-enabled RAP business objects.
- Automated ticket and food order calculations, with seat and snack stock validations and status-based transaction handling.
- Developed interconnected Fiori Elements apps with value helps, associations, validations, draft handling and actions.
- Added an AI recommendation module for personalized movie, show and food suggestions from booking and preference data.
- Exposed services via OData and deployed the application on SAP BTP.

Intelligent Voice AI Assistant | *JavaScript, Node.js, Ollama, Web Speech API* 2 months

- Built a real-time voice assistant with speech recognition and text-to-speech for natural conversation.
- Integrated local LLMs via Ollama to generate contextual responses with no paid cloud API dependency.
- Added a 3D VRM avatar with lip synchronization for an interactive conversational interface.

CERTIFICATIONS

- **SAP Certified Back-End Developer – ABAP Cloud** (SAP)
- **Azure Fundamentals (AZ-900)** (Microsoft)
- **Docker Essentials** (IBM / Coursera)
- **Google AI Professional Certificate** (Google / Coursera)

CO-CURRICULAR ACTIVITIES

- **OpenAI Academy × NxtWave Buildathon:** Built a GenAI-based solution for a real-world problem.
- **Hackathons:** Participated in NxtWave and Infynd hackathons, delivering AI and software solutions.
- **Workshops:** Attended technical workshops and conferences on SAP, AI and software development.
