SUDHAKAR M

B.Tech Information Technology | Full Stack Developer (React.js, Node.js, TypeScript)
Sudhakarmaniyan20@gmail.com | 8778133094 | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Full Stack Developer with a B.Tech in Information Technology and hands-on industry experience building and maintaining production web applications using React.js, Node.js, TypeScript, and Vite. Delivered end-to-end client projects across e-learning, logistics, and CRM domains, working within cross-functional teams on frontend development, backend integration, and data management. Strong problem-solving ability with a focus on writing clean, scalable code and collaborating effectively to ship reliable features on time.

EDUCATION

B.Tech, Information Technology - K S R Institute for Engineering and Technology *Nov 2022 - Apr 2026*
CGPA: 7.51

INTERNSHIP EXPERIENCE

Full Stack Developer Intern - Echo Digital Works, Chennai *Feb 2026 - Present*
- Building and maintaining full stack web applications using React.js, Node.js, TypeScript, and Vite across e-learning, logistics, and CRM client projects, coordinating with cross-functional team members.

Full Stack Development Intern - Strackit, Coimbatore *Mar 2024 - May 2024*
- Assisted in developing full stack web application modules with hands-on exposure to end-to-end development workflows.

UI/UX Intern - Coder One *Dec 2024 - Jan 2025*
- Designed and prototyped user interfaces in Figma, focusing on usability and responsive design.

PROJECTS

E-Learning Platform - Echo Digital Works *Client: Educational Technology Company, Bangalore*
- Built a website for a reputed e-learning company using React.js, Node.js, TypeScript, and Vite; developed reusable frontend components and integrated backend services for course delivery.

Data Integration - Echo Digital Works *Client: Logistics Company Website*
- Inserted and structured data into an existing production website, ensuring accuracy and consistency; coordinated with the team to validate data integrity.

CRM (Customer Relationship Management) System - Echo Digital Works *In-house Product*
- Contributed to building an in-house CRM product in an agile team environment, developing modules for customer data management and relationship tracking.

LegalBuddy AI - K S R Institute for Engineering and Technology *Final Year Research Project*
- Built a RAG-optimized chatbot (LegalBuddy Chatbot & BNS Mitra) to improve access to legal services, using a dataset from the Government of India Code Portal.

TECHNICAL SKILLS

Languages & Core: Python, Java, JavaScript, TypeScript, HTML, CSS, MySQL
Frameworks: React.js, Node.js, Vite | AI/ML: RAG Chatbot Development
Tools: Figma, Photoshop, Git/GitHub, MS Office | Domains: Frontend, Backend, Networking, Cyber Security

CERTIFICATIONS & WORKSHOPS

- Building Responsive Landing Page using HTML & CSS - Geekster (June 2024)
- Creators of Metaverse Program - in partnership with AICTE (2023-2024)
- Generative AI: How to Build Your Own ChatGPT - Workshop (May 2024)
- Artificial Intelligence using Python - IIT Madras (Feb 2023)
