CAREER OBJECTIVE:

To start my career as a **Software Developer** where I can apply my programming and problem-solving skills to build efficient applications. I aim to continuously learn new technologies and improve my technical knowledge. I am eager to contribute to innovative projects while growing professionally in the software development field.

EDUCATION

UG - B.Tech Information Technology | Nandha Engineering College, Erode | CGPA: 5.8 (Up to 6th Semester) **2023 - 2026**

DIPLOMA - Automobile Engineering | Nandha Polytechnic College, Erode | Percentage: 73% **2019 - 2022**

SSLC | Lions Matric Hr. Sec. School, Erode | Percentage: 47.6% **2018 - 2019**

TECHNICAL SKILLS

- **Programming Language:** JAVA
- **Web & UI Technologies:** HTML & CSS
- **Database:** MySQL
- **Development & Productivity Tools:** Git, Power BI

PROJECTS

Traffic Air Pollution Monitoring System: **Sep 2024**

- Identified rising air pollution levels in traffic-congested areas and developed an IoT-based system to monitor air quality in real time. Contributed to sensor integration, data collection, and calibration of gas sensors to measure pollutants like CO_2 and smoke levels. Enabled continuous monitoring and data logging to analyze pollution trends and support environmental awareness.

Student Portal System: **Apr 2025**

- Addressed the challenge of manual student data management by developing a web-based portal for seamless access to academic records and course registration. Led the frontend development using ReactJS to create an intuitive, user-friendly interface.

INTERNSHIP EXPERIENCE

Completed a **14-Days INTERNSHIP** as a **Web Developer** at **Durga Tech** in Erode.

- Gained valuable industry exposure through an offline internship, collaborating with developers on live projects. Learned and applied HTML and CSS by designing and optimizing responsive web pages, enhancing performance and user experience.

Completed a **14-Days INTERNSHIP** as a **Android Application Developer** at **Firechip Educational Technology** in Thirupur.

- Completed an internship in Android Application Development, where I worked on creating functional and visually appealing mobile apps.

CERTIFICATIONS

- Fundamental of **UI/UX Design** in Great Learning **2024**
- **Design and Implementation of Human Computer Interface** in NPTEL **2024**
- **Java** (Basic) and **SQL** (Intermediate) in HackerRank **2025**

ROLES AND RESPONSIBILITIES

- **Event Volunteer** of the National Level Symposium "SYNECTICS' 24" & "SYNECTICS'25" at Nandha Engineering College (2023-2024) & (2024-2025).
