R K SOMAN ADHITHYA

Komarapalayam, Namakkal | +91 80729 17191 | somanadhithya@gmail.com

Profile Summary

Motivated Data Analyst with a strong foundation in data analysis, visualization, and problem-solving. Proficient in SQL, Power BI, Python for reporting, analytics, and business intelligence. Currently learning advanced analytics, machine learning, and modern data platform concepts. Passionate about transforming data into meaningful insights and continuously enhancing analytical and technical skills.

Experience

Data Engineering Intern - Vetelogy July 2026 *US,California,Remote*

- Analyzed and validated large datasets using Python and SQL-based workflows.
- Generated performance reports and insights using data analysis techniques.
- Worked with structured data to identify trends, anomalies, and data quality issues.

Technical Skills

- **Programming Languages:** Python, SQL
- **Data Analytics:** Data Cleaning, EDA, Datawarehouse, Data Validation
- **Visualization:** Power BI
- **Cloud:** AWS

Projects

Vetology AI-Powered Radiology Reader

- Developed an automated evaluation pipeline to assess AI-generated veterinary radiology predictions using Python and Ollama.
- Performed data validation and analysis by comparing model predictions against ground-truth datasets across multiple medical conditions.
- Generated confusion matrices and analyzed model performance using Accuracy, Sensitivity, and Specificity metrics to identify prediction trends and errors.
- Improved evaluation reliability through condition batching, output validation, retry mechanisms.
- Created automated reporting workflows and audit-focused evaluation reports to support data-driven decision-making.

Technologies: Python, SQL, Ollama, Claude Code, Data Analysis, Confusion Matrix

Education

SRM Institute of Science and Technology, Kattankulathur 2022 – 2026
B.Tech in Electronics and Communication Engineering - Data Science CGPA: 7.54/10

Certifications

- AWS Certified Solutions Architect – Associate
- DBMS - Master the Fundamentals and Advanced Concepts – Scaler
- Data Analytics Essentials - CISCO
- Indian Semiconductor Workforce Development Program – Synopsys

Publications

Real-Time Dynamic Shadow Suppression Using UCNet-Based Segmentation

- Presented a research paper at RAEEUCCI-2026, SRMIST - Project

Conferences and Workshops

- Emerging Trends in Artificial Intelligence – SRMIST
- Sensors and IoT for Smart Health Care – SRMIST
