GAYATHRI S S

FINAL YEAR • B.E. ELECTRICAL AND ELECTRONICS ENGINEERING

gayathriss18082006@gmail.com | +91 814802085 | linkedin.com/in/GayathriSenthilkumar

CAREER OBJECTIVE

To pursue a career in the semiconductor and VLSI industry, applying my knowledge of analog , digital and power electronics while continuously learning, exploring new technologies, and developing skills in chip design

EDUCATION

GOVERNMENT COLLEGE OF ENGINEERING, SALEM

B.E. Electrical and Electronics Engineering | CGPA: 8.06 (up to Semester VI) | Sep 2023 – May 2027

SRI VIDHYA BHARATI MATRICULATION HIGHER SECONDARY SCHOOL, Neikarpatti, Salem

HSC | 93.2% | Mar 2023

VEDHHA VIKASS MATRIC HIGHER SECONDARY SCHOOL, Mallur, Salem

SSLC | Apr 2021

PROJECTS

SOLAR PANEL WITH DYNAMIC SOLAR TRACKING SYSTEM

Developed a solar tracking system that aligns the panel with the sun using sensors and a motorized mechanism to improve energy efficiency and power output, with scope for IoT-based monitoring and control.

IOT-BASED AUTOMATIC LOAD SHEDDING SYSTEM

Designed a system that monitors electrical load and disconnects non-essential loads during overload conditions using a microcontroller and IoT technology, improving power management, reliability and energy efficiency, with scope for remote monitoring and smart-grid integration.

INTERNSHIPS

STEEL AUTHORITY OF INDIA LIMITED (SAIL) – SALEM STEEL PLANT | July 2025

- Completed a 7-day internship covering stainless-steel manufacturing, including melting, rolling and finishing.
- Gained exposure to motors, transformers, substations and rolling-mill drives; learned about power distribution, safety, quality control and maintenance.

SRIWIN ELECTRIC, SALEM

- Completed 10 days of training in high-voltage circuit-breaker manufacturing, assembly and testing.
- Learned about circuit breakers, protection relays, control panels, insulation systems, safety standards, testing and maintenance.

NLC INDIA LIMITED – THERMAL POWER STATION-I (TPS-I), NEYVELI | Apr 2026 • 20 days

- Gained exposure to thermal power generation, boilers, turbines, generators, transformers and plant electrical systems.
- Learned maintenance practices, safety procedures and efficient power generation through interactions with plant engineers.

SKILLS

TECHNICAL KNOWLEDGE

- Power electronics
- Analog Electronics
- Digital Electronics
- C Programming
- Python
- Circuit Simulation – MATLAB, Tinkercad

SOFT SKILLS

- Leadership
- Self-learning
- Teamwork
- Adaptability
- Volunteering

ACHIEVEMENTS & AWARDS

- Secured Third Prize in paper presentation on Dynamic Solar at Government College of Engineering, Salem.
- Secured First Prize in Drama at an inter-college competition at Government College of Technology, Coimbatore.

ACTIVITIES

- Secretary, English Literary Association @ GCE Salem
- Active member, IEI
- Active member, Dance Club @ GCE Salem
- Active NSS member

LANGUAGES

Tamil – Fluent (speaking and writing)

English – Fluent (speaking and writing)
