PROFESSIONAL SUMMARY

Engineering student with hands-on experience in Java, Python, SQL, HTML and CSS, with project experience in AI healthcare and image processing. Seeking entry-level software and IT opportunities to apply programming, problem-solving and development skills. Strong in teamwork, communication and quick learning.

TECHNICAL SKILLS

Programming	Java, Python
Web Technologies	HTML, CSS
Database	SQL
Development & Tools	FastAPI, React, OCR, NLP, Image Processing, GitHub

PROJECTS

MedIntel – AI Healthcare Intelligence Platform

Technologies: Python, FastAPI, React, OCR, NLP, GitHub

- Developed an AI-powered platform for automated medical report analysis and healthcare assistance.
- Built and deployed REST APIs using FastAPI, integrating OCR and NLP models to extract and process medical information from scanned reports.
- Designed a responsive React-based frontend enabling seamless user interaction with healthcare services.
- Enabled faster and more accurate processing of medical documents, reducing manual review effort.

Microplastic Detection in Water Using Python

Technologies: Python, Digital Microscope, UV Light, Image Processing

- Developed a Python-based image processing system to detect and estimate microplastic particle concentration in water samples.
- Prepared water samples using filter paper and Tinopal dye and captured microscopic images under UV light for analysis.
- Applied image processing techniques to identify, count and classify microplastic particles from microscopic images.
- Provided a low-cost, automated alternative to manual microscopic counting for water quality assessment.

EDUCATION

Bachelor of Engineering (B.E) – Electronics and Communication Engineering

Velalar College of Engineering and Technology, Erode | 2023–2027 | CGPA: 7.2/10

Higher Secondary Certificate (HSC) – Vivekanandha Matriculation Higher Secondary School, Vellode | 80%

LEADERSHIP & MEMBERSHIPS

- Treasurer – TECH MASTERS CLUB (2025–2026)
- Member – TECH MASTERS CLUB (2024–2025)
- Member – IETE (2024–2027)

PRESENTATIONS, WEBINARS & HACKATHON

- Presented a paper on “Artificial Intelligence in Modern Communication System” at KPR Institute of Engineering and Technology, Coimbatore.
- Attended a Zoho webinar on “CRM Data Quality Management”.
- Attended a Data Structures and Algorithms (DSA) webinar conducted by Error Makes Clever.
- Participated in a Hackathon on “Microplastic Detection in Water” during Currents 2026 at National Institute of Technology, Trichy.

SOFT SKILLS & LANGUAGES

Soft Skills: Communication, Leadership, Time Management, Teamwork **Languages:** Tamil, English
