GITHUB

- GitHub : https://github.com/subasree12-git

EDUCATION

- **Nandha Engineering College, Erode** 2023 -2027
  B.Tech Information Technology (Currently Pursuing)
  CGPA: 8.77

- **Vellalar Matriculation Higher Secondary School, Erode** 2022-2023
  HSC
  Percentage: 83.83%

OBJECTIVE

B.Tech IT student with knowledge of Java, Python, SQL, and web development, seeking an entry-level opportunity to apply and enhance my technical skills.

SKILLS

- Programming: Java, C, Python
- Web Technologies: HTML, CSS
- Database: SQL
- Tools: GitHub, VS Code, Figma
- Soft Skills: Communication, Teamwork, Problem-Solving, Quick Learning

INTERNSHIPS

- **Full Stack Development Intern - Training Trains, Erode** June 2025 - July 2025
  Gained practical experience in front-end web development, debugging, and problem-solving using HTML and CSS.

- **Data Analytics Intern - Brainery Spot Technology, Coimbatore** Dec 2025 - Jan 2026
  Gained practical experience in data cleaning, processing, and analysis while working with real-world datasets and relevant tools.

PROJECTS

- **Blood Bank Management System**
  Developed a system to manage blood donor details, blood groups, and availability with features to add, update, search, and retrieve records.
- **Car Parking System**
  Developed an automated parking system using IR sensors, Arduino, servo motor, and LCD to detect vehicles and display available parking slots.
- **Flower Iris Detection**
  Developed a machine learning model using Python and Scikit-learn to classify iris flower species through data preprocessing and feature selection.
