Professional Summary

Aspiring Java developer with a strong interest in software development and problem-solving, seeking an entry-level opportunity to apply my Java programming skills and knowledge of object-oriented programming. Eager to learn new technologies, gain practical industry experience, develop efficient software solutions, and contribute effectively to the growth and success of the organization.

Skills

Programming Language: Java
Frontend Technologies: React,HTML, CSS, JavaScript
Backend Technologies: Node.js
Database: MYSQL, MongoDB
Tools & platforms:Git,Vs code

Education

Nandha Engineering College — 2023– 2027
B.Tech in Information Technology — CGPA: 8.3

Kalaimagal kalvi nilayam girls Higher Secondary School(HSC) — 2023
Erode Tamil Nadu — Percentage: 81%

Kalaimagal kalvi nilayam girls higher — 2021
Secondary School Education (SSLC) — Percentage: 85%
Erode, Tamil Nadu

Projects

Task Manager – MERN Stack Web Application

- Developed a full-stack Task Manager application using MongoDB, Express.js, React.js, and Node.js.
- Implemented CRUD functionality to add, complete, and delete tasks with a responsive user interface.
- Deployed the application on Render and connected the backend with MongoDB for persistent data storage.

Smart dustbin -IOT project

- Designed an IoT-based smart dustbin that automatically opens its lid using sensors.Used microcontrollers (Arduino) and
- ultrasonic sensors for motion detection
- Improved hygiene by enabling touchless waste disposal.Programmed the system to respond in real-time to user interaction

E-Clothing Store – React Frontend Application

- Developed a responsive clothing website using React.js.
- Implemented product listing, category filters, and cart functionality.
- Connected the frontend with a simple database to manage product data.

Internship

- Full Stack Development Intern - Nurture Tech : Company Worked on both frontend and backend development tasksAssisted in building and testing web applications — Duration: 1 Month
- Full Stack Development Intern - Training Trains: Gained hands-on training in full stack development Developed basic web applications using HTML, CSS, and Javascript

Certifications

- Design and implementation of human computer interface - NPTEL July-oct 2024
- Privacy and security in online social media-NPTEL-Jan-April 2025

Area of Interest

- Software Application development
- Front end development
