Objective

Aspiring Software Developer with hands-on knowledge of Java, Python, Spring Boot, SQL, MySQL, JDBC, and web technologies. Experienced in backend development, REST APIs, database connectivity, CRUD operations, and responsive web development. Seeking an entry-level software development role to apply technical and problem-solving skills.

Education

Bachelor of Engineering in Computer Science and Engineering **2023–Present**
K.S.R. Institute for Engineering and Technology, Namakkal **CGPA: 8.31**

Higher Secondary Certificate (HSC) **2022-2023**
Government Girls Higher Secondary School, Valappady **60%**

Secondary School Leaving Certificate (SSLC) **2020-2021**
Government Girls Higher Secondary School, Valappady **Pass**

Technical Skills

- **Programming Languages:** Java, Python
- **Web Technologies:** HTML, CSS, JavaScript, React.js
- **Backend:** REST API,firebase,JDBC
- **Database:** MySQL, SQL
- **Tools:** Git, GitHub, VS Code, MS Excel
- **Concepts:** OOP, DSA

Projects

Location-Based Student Attendance Management System

- Developed a web-based attendance management system using **Java, Spring Boot, MySQL, HTML, CSS, and JavaScript** with **3 user roles**: Admin, Faculty, and Student.
- Implemented **50-meter location-based verification** to ensure attendance is marked only from the authorized location.
- Developed **5+ core modules** including student, faculty, subject, attendance session, and attendance record management.
- Built REST APIs and implemented **CRUD operations** using Spring Boot and MySQL for structured academic data management.

Bank Management System

- Developed a desktop banking application using **Java, Java Swing, JDBC, and MySQL** for customer and account management.
- Implemented **4+ database operations** including adding, viewing, updating, and managing customer information through a Swing-based GUI.
- Applied **OOP, exception handling, JDBC connectivity, and SQL** concepts to maintain persistent database records.

Internships

CodeBind Technologies, Chennai **Web Development Intern**

- Developed **5+ responsive web pages** using HTML, CSS, and JavaScript with structured layouts and interactive elements.
- Implemented responsive designs across **3+ screen sizes** and improved webpage usability through JavaScript-based interactions.
- Debugged **10+ UI and functionality issues**, gaining practical exposure to frontend development and web development workflows.

Infronix, Coimbatore **Data Analytics Intern**

- Processed and analyzed **multiple datasets** using MS Excel and Python for data preparation and basic analysis.
- Performed data cleaning, formatting, and validation to improve dataset consistency and usability.
- Prepared structured reports and summaries, gaining practical exposure to data preprocessing, analysis, and reporting.

Certifications

- AWS Global Certification
- NPTEL SWAYAM – Cloud Computing
- MATLAB Certification
- Learnathon Program
- udemy course
