PROFESSIONAL SUMMARY

Frontend Developer skilled in React.js, JavaScript, HTML5, CSS3, Bootstrap, responsive web design, and Django. Built responsive user interfaces through internships and academic projects, with hands-on experience developing and deploying a full-stack web application using React.js, Django REST Framework, and PostgreSQL. Seeking an entry-level Web Developer / Frontend Developer role.

TECHNICAL SKILLS

Languages	Python, JavaScript
Frontend	HTML5, CSS3, Bootstrap, React.js, Responsive Web Design
Backend	Django, Django REST Framework
Database	MySQL, PostgreSQL, SQLite
Tools & Deployment	Git, GitHub, Vercel, Render, MS Excel

PROJECTS

CareerFlow – Job Application & Interview Preparation Platform

- Developed and deployed a full-stack platform for job application tracking, interview preparation, skill analysis, and career tracking using React.js, Django REST Framework, and PostgreSQL.
- Implemented authentication, application CRUD, interview tracking, application status tracking, analytics, and user-level data isolation.
- Built a rule-based skill analyzer for matching and missing-skill analysis, plus HR, technical, and behavioral interview preparation features.
- Deployed the frontend on Vercel and backend/API with PostgreSQL on Render.
