JAUSWANDEEGA D V

Computer Science (Cybersecurity) Graduate | Software Development & IT Fresher

9659433907 | jauswandeegadhanasekaran05@gmail.com | Sankari, Tamil Nadu | linkedin.com/in/jauswandeega-dhanasekaran-076a91315

PROFESSIONAL SUMMARY

Computer Science fresher with a Cybersecurity specialization and hands-on experience in Python, web development, and manual testing. Built and deployed multiple AI-integrated web applications; seeking software development, testing, or IT fresher roles.

TECHNICAL SKILLS

Programming: Python, C, C++, SQL

Web Development: HTML, AI-integrated web applications

Testing: Manual Testing, Software Testing fundamentals

Cybersecurity: Ethical Hacking, Penetration Testing, Vulnerability Assessment, Bug Bounty methodology

AI/Tools: Prompt Engineering, AI Tools Integration, Google AI Studio, Machine Learning & NLP fundamentals

OS & Tools: Kali Linux, Ubuntu, Windows, Git, Netlify

INTERNSHIP EXPERIENCE

Python Full Stack Development Intern | QSpiders, Coimbatore | *July 2026 – Present*

- Undergoing hands-on training in Python, SQL, and full-stack development
- Gaining practical exposure to software testing methodologies alongside development work

Web Developer Intern | Intopz Technology Private Limited, Bengaluru | *Dec 2025 – Mar 2026*

- Developed multiple web projects using Google AI Studio and modern AI-assisted development tools
- Built AI-integrated web applications from concept to completion using prompt engineering

Cybersecurity Intern | The Training Trains, Erode | *2024*

- Performed ethical hacking exercises using Kali Linux, including hands-on penetration testing
- Conducted vulnerability assessment labs covering core network security fundamentals
- Practiced bug bounty methodology and responsible disclosure techniques

KEY PROJECTS

AI-Based Smart House Planner | Google AI Studio, HTML, Prompt Engineering |

- Built an AI-powered house planning web app (HTML, browser-based) using Google AI Studio
- Developed an AI-powered house planning web application that generates estimated costs, materials, and building specifications based on BHK preference, budget, and land area

Cybergame – Gamified Cybersecurity Awareness Platform | Google AI Studio, HTML, Netlify |

- Built and deployed a gamified cybersecurity awareness web application on Netlify
- Designed interactive attack/defense scenarios teaching real-world cybersecurity practices

Emotionally Intelligent AI Chatbot | Google AI Studio, Prompt Engineering, NLP |

- Built an AI chatbot using Google AI Studio and prompt engineering to facilitate supportive, natural-language conversations

EDUCATION

B.Sc. Computer Science with Cybersecurity | Vellalar College for Women, Thindal | 2023–2026 | 75.5%

Higher Secondary Certificate | Vani Vidyalaya Matric Higher Secondary School | 2022–2023 | 80.3%

CERTIFICATIONS

- Basics of Artificial Intelligence — Cambridge International Qualifications & UniAthena, UK (June 2026)
- Yuva AI for All — INDIAai & NASSCOM FutureSkills Prime (May 2026)
- GenAI Powered Data Analytics Simulation — TATA via Forage (June 2026)
- Cyber Job Simulation — Deloitte via Forage (June 2026)
- Web Development with AI — Certified Program

Additional: R Programming (IIT Bombay), Security on Internet Technology & E-commerce

AWARDS & LEADERSHIP

- Rajyapurashkar Awardee (Guide & Ranger) — Bharat Scouts & Guides, 10+ years active since 2014
- Joint Secretary, NSS — Led events, coordinated student volunteers, and conducted village outreach & rural development camps
- Cultural Achiever — Prize-winning singer at intercollegiate events

LANGUAGES

Tamil, English, Hindi
