Professional Summary

B.Tech Artificial Intelligence and Data Science student with hands-on experience in Python, Machine Learning, Computer Vision, NLP, and Full Stack Development. Developed AI-powered and data-driven applications through academic projects and a Python project internship. Strong interest in solving real-world problems and building practical technology solutions.

Education

B.Tech – Artificial Intelligence and Data Science
Gnanamani College of Technology
2023 – 2027 | Namakkal
CGPA: 8.3 / 10

Higher Secondary School (12th)
Government Boys Higher Secondary School
2021 – 2023 | Tiruchengode
Percentage: 72%

Certifications

- **NPTEL - Natural Language Processing** — 12 Week Course Score: 71%
- **NPTEL – Introduction to Machine Learning** — Jan–Apr 2025
- **Full Stack Development** — Beyond the Browser Code Blaza Technology
- **AI Tools & ChatGPT Workshop** — be10x
- **Python Workshop** — Connect and Code
- **Cybernaut** — Tech Trio Course on Python
- **Cybernaut** — Tech Trio Course on Java

Internship

Python Project Intern
Cybernaut EdTech Private Limited
02/2026 – 05/2026

- Completed a 3-month Python project internship, gaining practical experience in Python programming, project development, and applying programming concepts to real-world projects.

Academic Projects

Fix With AI

- Developed an AI-powered web application that detects faults from uploaded images and provides repair guidance, severity analysis, and preventive maintenance suggestions.

IMDb Movie Rating Scraper

- Created a Python and Selenium tool to scrape IMDb Top 250 movie details and save the data in CSV format for analysis.

Sleep Quality Predictor

- Developed a machine learning model to predict sleep quality from lifestyle factors using Python, pandas, and scikit-learn.

Smart Traffic Violation Logger

- Built a Flask web app to record and manage traffic violations with SQLite, CRUD operations, and QR-based challan status checking.

— Machine Learning, Deep Learning, CNN,

Achievements

- Earned 5-Star Python badge.
- Earned 5-Star C++ badge.
- Earned 3-Star Java badge.
- Secured 3rd Prize in Project Expo for the project “Fix with AI” at SYMAL’26 – National Level Student Technical Symposium, held on 3 July 2026.

Soft Skills

- Problem Solving
- Analytical Thinking
- Team Collaboration
- Communication
- Adaptability
- Time Management

Extra-Curricular Activities

- Actively participated in technical symposiums, workshops, and coding competitions.
- Passionate about learning new technologies and building innovative projects.
- Interests: Reading tech blogs, exploring AI advancements, and problem solving.

Technical Skills

- **Programming Language** — Fundamentals of Python,C,Java
- **AI / Machine Learning**
  Computer Vision, NLP, Transfer Learning, Data Preprocessing, Feature Engineering
- **Web Development** — Django, Flask, HTML, CSS, Bootstrap
- **Data & Visualization** — Pandas, NumPy, Matplotlib, Power BI, MS Excel
- **Database** — MYSQL
- **Developer Tool** — Git, GitHub, VS Code, Google Colab, Selenium, OpenCV
