Percentage: 71%

SKILLS & TOOLS

ERP: SAP FICO (Financial Accounting & Controlling) **Spreadsheet:** Microsoft Excel (Advanced)
Accounting: General Ledger, Accounts Payable & Receivable, Asset Accounting, Bank Reconciliation, GST Documentation, Month-End Reporting

PROJECT

SAP FICO Business Blueprint — Kasturi & Sons Limited (The Hindu Group) SAP Implementation
Academic project based on the FICO Business Blueprint prepared for Kasturi & Sons Limited

- Studied the TO-BE finance processes and how they map to SAP, covering organisation structure (company code KSL, functional areas, profit centers used in place of business areas).
- Analysed FI master data design: fiscal year variant (April–March with 12 periods and 4 special periods), chart of accounts, G/L accounts, vendor and customer master records, posting keys, tolerance groups, terms of payment and payment methods.
- Documented Accounts Payable, Accounts Receivable and Asset Accounting processes, including asset classes, depreciation areas and depreciation keys.
- Reviewed business processes such as bank reconciliation, imprest, expense reimbursement, TDS and service tax payments & return filing, and month-end / year-end closing in FI.
- Covered Controlling (CO) processes: cost center budgeting and actual postings, internal orders, profit centers and profitability analysis.

INTERNSHIP

Financial Sector Intern — Accounting, KG Leathers Accounting & Finance

- Maintained daily accounting records and updated ledger entries with high accuracy across purchase and sales cycles.
- Handled purchase and sales invoice entries; assisted in GST documentation and tax-related record preparation.
- Performed bank reconciliation to verify accuracy of incoming and outgoing financial transactions.
- Maintained accounts payable and receivable records, ensuring timely follow-up on outstanding balances.
- Assisted in preparing monthly financial reports; supported inventory and stock accounting processes.
- Ensured proper documentation, record-keeping and filing of all financial records.
- Used advanced MS Excel for data entry, reconciliation and basic financial analysis.

CERTIFICATIONS

Environment and Sustainable Development — NPTEL · SWAYAM
Diploma in E-Commerce — E-Commerce Institute
