Objective

Motivated Electrical and Electronics Engineering student seeking an opportunity to apply my knowledge of electrical machines, power electronics, electrical systems, and industrial applications. Eager to learn new technologies, develop practical engineering skills, and contribute effectively to the organization while growing professionally.

Education

GOVERNMENT COLLEGE OF ENGINEERING, SALEM-11 | B.E Electrical and Electronics Engineering Sep 2023 – May 2027

- CGPA: 8.37 (Up to Sem VI)

Honors in Electric Vehicle Technology

GOLDEN SPARK MATRICULATION HIGHER SECONDARY SCHOOL, SALEM-12 |HSC

Mar 2023

- PERCENTAGE: 92

Experience

Internship trainee, NLC India Limited, Neyveli April 2026

- Completed a 18-day internship at NLC India Limited, gaining hands-on exposure to thermal power plant operations, electrical systems, power generation equipment, and industrial safety practices. Developed practical knowledge of transformers, switchgear, boilers, turbines, and generators.

Internship trainee, Sriwin Electric, Salem Dec 2025

- Completed a 10-day internship with hands-on exposure to MCBs, MCCBs, circuit breaker installation, protection systems, and electrical safety practices in LT panels and distribution boards.

Projects

IOT BASED AUTOMATIC LOAD SHEDDING SYSTEM

- Developed an ESP32-based system to monitor voltage, current, and power consumption in real time, automatically disconnecting non-critical loads during overload conditions with remote monitoring through Blynk.

SOLAR PANEL WITH SUN TRACKING SYSTEM

- Developed a sensor-based solar tracking system that automatically adjusts the panel position according to sunlight, improving solar energy capture and power output.

SOLAR POWER BANK

- Designed a solar-powered battery charging system using photovoltaic cells to convert solar energy into electrical energy for charging devices.

Skills

- **Technical skills:** Electrical machines, Power electronics, Power System
- **Soft skills:** Self learning, Team work, Time management, Adaptability

Technologies

- **Tools:** MATLAB/Simulink software

Achievements and Awards:

- **Secured first prize** in Paper presentation on Electric Vehicles at inter-college competition, Government College of Engineering, Salem
- **Secured second prize** in Electrogen at intra-college competition, Government College of Technology, Coimbatore

Activities

- IEEE Student Member
- NSS Volunteer

Languages

- Tamil
- English
