PROFESSIONAL SUMMARY

Motivated B.Tech Information Technology student with strong analytical and problem-solving skills. Proficient in SQL, Excel, and Python, with hands-on experience analyzing data to identify trends, support business decisions, and build reports and dashboards to monitor key performance indicators (KPIs). Skilled at gathering business requirements, translating them into product insights, and collaborating with cross-functional teams to improve product performance and user experience. Eager to contribute as a Product Analyst and grow within a dynamic organization.

KEY STRENGTHS

- Analyzed data using SQL and Excel to identify trends and support business decisions.
- Assisted in gathering business requirements and translating them into actionable product insights.
- Built reports and dashboards to monitor key performance indicators (KPIs).
- Collaborated with cross-functional teams to improve product performance and user experience.

WORK EXPERIENCE

Online Distributor | Accumen Technology Pvt Ltd January 2025 – January 2026

Coimbatore, Tamil Nadu | Full-time

- Managed end-to-end online distribution activities, coordinating with vendors and customers to ensure timely, accurate order fulfillment.
- Applied analytical thinking and strong organizational skills to track performance metrics and resolve issues efficiently.
- Handled cash transactions and customer interactions with a focus on accuracy and service quality.
- Built foundational experience in business operations, customer service, and day-to-day problem solving.

EDUCATION

B.Tech, Information Technology August 2023 – Present

Anna University / JKKN College of Engineering and Technology — Salem, Tamil Nadu **CGPA: 8.44 / 10**

PROJECTS

E-commerce Website — ymart-zepto-sparkle.lovable.app

Built a responsive online storefront with product browsing, cart and checkout flow using HTML, CSS and JavaScript. Designed a clean, mobile-friendly interface focused on smooth shopping experience.

Personal Portfolio — agent-copy-paste-magic.lovable.app

Designed and deployed a personal portfolio site presenting my skills, projects and contact details. Responsive layout that highlights my data analytics and web development work.

AI Replyer — agent-copy-paste-magic.lovable.app

Developed an AI-powered tool that generates quick, context-aware replies to messages and emails. Helps save time on routine communication while keeping responses clear and professional.
