

RATHIKA L

Biomedical Engineering Student

9786689125 | rrathika761@gmail.com | Tamil Nadu, India

SKILLS

TECHNICAL SKILLS

- Biomedical Equipment Basics
- Java Programming (Basics)

SOFT SKILLS

- Teamwork
- Communication Skill

LANGUAGES KNOWN

- Tamil
- English

HOBBIES

- Listening to Music

EXTRACURRICULAR ACTIVITIES

- Crafts

CAREER OBJECTIVE

Motivated and enthusiastic Biomedical Engineering student with a strong interest in medical devices and healthcare technology. Possessing basic knowledge of biomedical equipment and Java programming, seeking an opportunity to enhance my technical skills and contribute to organizational growth while continuously learning and developing professionally.

EDUCATION

B.E. Biomedical Engineering Expected Graduation: 2027
Kongunadu College of Engineering and Technology, Tamil Nadu

Higher Secondary Education (Class XII) 2023
Amala Girls Higher Secondary School, Tamil Nadu

Secondary Education (Class X) 2021
Government Higher Secondary School, Tamil Nadu

INTERNSHIPS

1. **Codebind Technology, Salem**
   - Gained knowledge on software development practices.
   - Worked on real-time tasks and improved problem-solving skills.
2. **Galwin Technology**
   - Exposure to technical concepts and industry practices.
   - Learned about tools and technologies used in projects.
3. **Hospital Training – ABC Hospital**
   - Observed biomedical equipment and healthcare procedures.
   - Learned about maintenance and safe handling of medical devices.

PROJECTS

Title: Early Detection of Alzheimer's Disease from Cortical and Hippocampal Analysis

- Analyze MRI images of brain cortical and hippocampal regions.
- Detect early signs of Alzheimer's using image processing.
- Classify disease stages based on structural changes.

CERTIFICATIONS

- LeetCode
- Medical Coding
- Modelling and Simulink using MATLAB and C
- NPTEL
