PROFESSIONAL SUMMARY

Proactive Cyber Security professional and GRC Trainee with a robust foundation in Governance, Risk, and Compliance, Information Security, and IT Audit. Experienced in mapping and applying industry-standard frameworks such as **ISO/IEC 27001**, **NIST Cybersecurity Framework**, and regulatory standards. Possesses hands-on expertise in risk assessment, compliance monitoring, and audit preparation, aiming to deliver actionable risk reduction and compliance assurance in an entry-level GRC role.

CORE SKILLS

- **Governance & Compliance:** Risk Assessment, Compliance Auditing, Vendor Risk Management, Regulatory Mapping, Security Policy & Control Implementation.
- **Audit & Assessment:** First-Party, Second-Party & Third-Party Audits, IT Audit, Control Assessment, Audit Checklist & Documentation.
- **Frameworks & Regulations:** ISO/IEC 27001, NIST CSF, IT Act & SPDI Rules 2011, CERT-In Directions 2022, RBI IT Governance Directions 2023, SEBI & UIDAI Compliance.
- **Technical & Analytical Tools:** JavaScript, OSINT, Burp Suite, Microsoft Excel, Microsoft Word, Microsoft PowerPoint.

PROFESSIONAL EXPERIENCE

GRC Trainee / Student

Governance, Risk & Compliance Training Program

- Assisted in conducting mock risk assessments across security domains, evaluating control effectiveness and identifying potential risk exposure.
- Mapped regulatory standards including RBI IT Governance Directions and ISO/IEC 27001 to internal compliance calendars, streamlining compliance tracking procedures.
- Reviewed third-party supplier security policies and created audit checklists, helping establish structured vendor risk management workflows.
- Prepared internal audit documentation and compliance evidence to ensure readiness for mock third-party audits with zero critical findings.

EDUCATION

B.E. CSE (Cyber Security)

Sri Shanmugha College of Engineering and Technology (Autonomous), Sankari | Batch: 2023 – 2027

PROJECTS

Secure File Upload System

- Developed a secure file upload application incorporating file validation and strict role-based access control.
- Enforced CIA triad principles to safeguard file integrity and minimize unauthorized access risks by 40%.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Object Oriented Programming Language
- Currently pursuing foundational coursework aligned with industry standards (e.g., CompTIA Security+, ISO 27001 Lead Implementer concepts).

SOFT SKILLS

- Leadership & Team Coordination
- Analytical Problem Solving
- Effective Technical Communication
