THISHON RABI A

BIOMEDICAL ENGINEER

Phone: 8925154632 **Email:** thishondhilipan16@gmail.com
Location: Trichy, Tamil Nadu
LinkedIn: linkedin.com/in/thishonrabi

OBJECTIVE

Motivated Biomedical Engineering graduate with a strong interest in medical technology and software development. Currently learning Java and seeking an entry-level opportunity to apply my technical skills, continuously learn, and contribute to organizational growth.

EDUCATION

B.E. Biomedical Engineering — CGPA 7.3/10 *2023 – 2027*
Kongunadu College of Engineering and Technology, Trichy

Higher Secondary Certificate (HSC) — 62% *2022 – 2023*
Government Boys Hr. Sec. School, Kulithalai

SSLC — Pass *2020 – 2021*
Government Boys Hr. Sec. School, Kulithalai

PROJECTS

Snakebite Emergency Response System with Real-Time Monitoring & GPS Alert *2025*

- A smart wearable system for early snake detection, user alerts, and emergency safety assistance.
- Implemented GPS-based location tracking with wireless alert notifications to support rapid emergency response in rural healthcare settings.
- Technologies used: Embedded Systems, Sensor Integration, IoT, GPS Tracking, Wireless Communication.

Sensor-Based Forearm Orthosis for Tennis Elbow Management *2026*

- Designed a sensor-based forearm orthosis to support tennis elbow rehabilitation.
- Monitored muscle activity and forearm movement using embedded sensors to guide recovery.

INTERNSHIP EXPERIENCE

Galwin Technology, Trichy | *09 Jun – 25 Jun 2025*

- Performed hardware testing and troubleshooting of biomedical systems.
- Assisted in biomedical device development, testing, and hardware integration.

Newton Biomedical Service, Karur | *27 Nov – 13 Dec 2025*

- Assisted in the maintenance and calibration of diagnostic and therapeutic medical equipment.
- Supported equipment inspection, fault identification, and repair activities.

Harshamitra Oncology Private Limited, Trichy | *22 May – 08 Jun 2026*

- Assisted with preventive maintenance, calibration, and basic troubleshooting of biomedical devices.
- Learned quality assurance, infection control, and medical equipment safety procedures.

SKILLS

Technical / Software

- Java
- Biomedical Instrumentation
- Microsoft Office (Word, Excel, PowerPoint)
- Equipment Handling, Calibration & Troubleshooting

Soft Skills

- Communication
- Quick Learner
- Team Collaboration
- Adaptability

CERTIFICATIONS

- NPTEL — Internet of Things (IoT)
- Medical Coding Certification
- Java Programming Certification — Leet Code
- Biomedical Hardware Instrumentation Training
