OBJECTIVE

Motivated Biomedical Engineer seeking an opportunity in a hardware focused Organization where I can apply my knowledge of biomedical instrumentation, medical Devices, electronics, sensors and problems solving skills while contributing to the development and maintenance of innovative healthcare technologies.

SKILLS

Technical skills:

- Biomedical Instrumentation
- Medical Device Maintenance

Soft skills:

- Communication
- Problem solving
- Team Work

PROJECT

Project 1: Development of sensor integrated orthotic device for tennis elbow management.

- Developed a wearable forearm orthosis for tennis elbow patient.
- Provided real time data for tracking rehabilitation progress.
  Tools: C++

Project 2: Sensor based forearm orthosis for tennis elbow management.

- Designed to monitor forearm muscle activity and provide support.
- Applied biomedical instrumentation and sensor technology in health application.
  Tools: C++, HTML

EDUCATION

B.E Biomedical Engineering
Kongunadu Collage of Engineering and Technology, Trichy 2023-2027
CGPA : 7.12
Kalaimagal Metric Hr. Sec. School 2022-2023
HSC : 70%
SSLC: 100% 2020-2021

ACHIEVEMENTS & ACTIVITIES

- Participated in AMTZ MedTech Hackathon and gained hands-on exposure to healthcare technology and medical device innovation.
- Runner in 24-hour Hackathon and collaborated with a team to develop a technology-based solution.
- Active Participation in technical events and workshops related to Biomedical Engineering and Healthcare Technology.

INTERNSHIP

Anchor Medical Devices, Salem

- Assisted in the maintenance, calibration and troubleshooting of biomedical equipment in a clinical environment.
- Performed preventive maintenance on medical devices to ensure safety and operational efficiency.
- Gained hands-on experience with patient monitoring systems, infusion pumps, ECG machines and other biomedical devices.

Evolute Bioscience, Trichy

- Learn and followed laboratory safety protocols, specimen handling and standard operating procedures.
- Assisted in performing basic laboratory experiments, observation and documentation of results.
- Developed knowledge of research methodology, laboratory equipment and data recording.

Sugam Hospital, Rasipuram

- Observed and understood hospital equipment and their applications.
- Gained hands on exposure in a clinical and technical environment.

CERTIFICATION

- Biomedical Instrumentation – Atheena Pandian Pvt. Ltd
- Medical Coding – Thought flows
- AMTZ Hackathon Certificate
