ABOUT ME

Aspiring Biomedical Engineer with a strong academic background in medical device design and biomechanics. Eager to apply my knowledge and skills to develop innovative medical solutions and improve patient care.

EDUCATION

Degree	Institute/Board	CGPA/Percentage	Year
BE.BIOMEDICAL ENGINEERING	KONGUNADU COLLEGE OF ENGINEERING AND TECHNOLOGY	7.5	2023-2027
HSC	MULLAI.HR.SEC SCHOOL	78%	2022-2023
SSLC	MULLAI.HR.SEC SCHOOL	-	2020-2021

PROJECTS

Smart Bandage for Wound Monitoring System

- Developed a smart bandage prototype to monitor wound conditions in real time.
- Integrated sensors to measure parameters such as temperature and moisture, which help detect signs of infection and monitor the healing process.

Smart Sleep Monitoring Pillow

- Developed a smart pillow to monitor sleep quality and patterns.
- Designed a smart healthcare solution to help identify sleep disturbances and improve sleep quality.

INTERNSHIPS

- **Galwin technology:** Completed an internship in Embedded Systems, gaining practical knowledge of microcontrollers, sensors, and embedded hardware.
- **Newton biomedical service**: Completed a hands-on internship in biomedical engineering, learning medical equipment maintenance, troubleshooting, and quality control procedures.

ACHIEVEMENTS & AWARDS

- **Runner-Up, India–Israel Hackathon 2026** as Team Leader for a Capacitive Deionization Water Purification The event conducted by G.H Raisoni University, Madhya Pradesh.
- **Won 3rd prize on tech tronix- paper presentation** - PSR Engineering college.
- **Shortlisted in EYEQINOVATE 2.0** and showcased GlaucoScan to senior ophthalmologists and Startup TN experts.
- **Runner-Up in COGNIFY** the Hackathon organized by Kongunadu College of Engineering and Technology.
