HARIPRASANTH RAVI

Krishnagiri, TamilNadu, India | +91 7603859672 | mrhariprasanth493@gmail.com | linkedin.com/in/hari0018 | github.com/hariprasanth018

PROFESSIONAL SUMMARY

Computer Science and Engineering student with a strong foundation in Python, JavaScript, Web Development, and Machine Learning. Hands on experience through academic projects and practical training in AI, Machine Learning, and Full-Stack Development. Strong problem solving, analytical, communication, and teamwork abilities, with a demonstrated ability to learn new technologies quickly. Seeking an entry level Software Developer position to apply technical skills and contribute effectively to development projects.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript

Web Technologies: HTML, CSS, JavaScript, React.js,Node.js,Express.js

Databases: MySQL, PostgreSQL

Tools: Git, GitHub, VS Code

Core: Data Structures, OOP, DBMS, SQL

EDUCATION

Bachelor of Engineering in Computer Science and Engineering - Excel Engineering College, [Namakkal ,TamilNadu]

2023 - 2027 | CGPA: 7.9/10

Class XII [HSC] - Govt Boys Higher Secondary School | 2023 | 78%

PROJECTS

AI-Powered Agricultural Assistant - Technologies: React 19, TypeScript, Node.js, Express.js, Tailwind CSS

- Developed an AI-powered agricultural chatbot providing crop recommendations and farming guidance.
- Implemented plant disease detection with severity analysis and treatment recommendations using image input.
- Integrated multilingual voice assistance and tools for crop planning, market prices, and government subsidies.

Student Performance Predictor - Technologies: Python, Flask, Flutter, Dart, scikit-learn, SQLite

- Built a student performance prediction application for grade classification, academic risk assessment, and analytics.
- Developed a machine learning backend with Flask REST APIs for predictions, student management, and CSV-based model retraining.
- Integrated SQLite, PDF report generation, and offline fall back to support complete application functionality.

INTERNSHIP / TRAINING

Zynovtech Solutions, Coimbatore - Machine Learning Intern | June 2026

- Gained hands-on experience in Python, data preprocessing, and machine learning algorithms.
- Developed and evaluated machine learning models using real-world datasets.
- Strengthened problem-solving, analytical, and programming skills through practical ML projects.

CERTIFICATIONS

- Machine Learning for Data Analytics - L&T EduTech, 2026
- Web Development Fundamentals - L&T EduTech, 2026
- GitHub Copilot Workshop - KSRIET, 2026

ACHIEVEMENTS

- Participated in Innoverse'26, a National Level 24-Hour Hackathon at Sathyabama University, 2026.
- Completed 2 technical projects focused on AI, Machine Learning, and Web Development.
- Completed a Machine Learning Internship at Zynovtech Solutions, gaining hands-on experience with real-world datasets and ML models.
