PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering student with knowledge of Web Development, Data Science, Machine Learning. Seeking opportunities to apply technical skills and contribute to innovative projects while enhancing professional growth.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering Sep 2023 - Present

Nandha Engineering College, Erode, Tamil Nadu. • 8.089 CGPA

HSC-State Board Mar 2022 – May 2023

Thirumurugan Matric Higher Secondary School, Tirupur, Tamil Nadu. • 80%

EXPERIENCE

Elrafact Technologies Solutions, Coimbatore | Data Science Intern Dec 2024 – Jan 2025

- Completed training in Data Science and Machine Learning.
- Performed data preprocessing and visualization using Pandas, NumPy, and Matplotlib.
- Built and evaluated machine learning models using Scikit-learn.

Elrafact Technologies Solutions, Coimbatore | Web Development Intern June 2025 – July 2025

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Improved website responsiveness through testing and debugging.
- Collaborated with team members during development and testing.

PROJECTS

Portfolio Website

Designed and developed a responsive personal portfolio using HTML, CSS, JavaScript, and Vercel. Showcases projects, certifications, skills, and contact information with a modern, user-friendly interface.

Online Voting System for Selecting Class Representatives

Built a secure online voting application using HTML, CSS, JavaScript, PHP, and MySQL. Implemented voter authentication and automated vote counting to ensure accurate and transparent election results.

Email Spam Detection dashboard

Developed an email spam detection system using Artificial Neural Networks (ANN) for binary email classification. Created an interactive dashboard to display prediction results and improve email filtering efficiency.

Gym Management System

Designed a gym management application to handle memberships, payments, and member records efficiently. Built an admin dashboard that streamlines daily operations and improves data management.

Educational Chatbot

Developed an AI-powered educational chatbot using Python and Natural Language Processing (NLP). Provides real-time academic assistance by answering student queries accurately and efficiently.

PUBLICATIONS & CERTIFICATIONS

Publications

Email Spam Detection Using Deep Learning

Presented a research paper on email spam detection using deep learning techniques at **STESI-2026, Manipal University Jaipur**.

Patent Published: "Online Voting System for Selecting Class Representatives" – Indian Patent Office.

Certifications

- NPTEL – Cloud Computing (IIT Kharagpur) | Elite Certification.
- NPTEL – Cyber Security and Privacy (IIT Madras) | Elite Certification.
- NPTEL – Forests and their Management (IIT Kanpur) | Elite Certification.

SKILLS

Programming Languages: Java, C, Python (Basic).
Core Concepts: OOP, Data Structures, Algorithms, Problem Solving, DBMS.
Web Technologies: HTML, CSS, JavaScript.
Tools: VS Code, Git, GitHub, MS Word, Excel, PowerPoint.
Database: MySQL.
Data Analytics & Visualization: Tableau, Data Analysis.
Languages: Tamil, English.

ACHIEVEMENTS

- Participated in Nandha Innovation Day'26 and presented a project titled "Email Spam Detection Using Deep Learning".
- Participated in Cyber Security workshop at KPR Institute of Engineering and Technology, Coimbatore.
- Participated in the National Level 24-Hour Hackathon'26 held at Nandha Engineering College.
- Completed GEN AI Camp – AlgoUniversity | Generative AI, Multimodal AI Systems & NLP.
