NAVIEN A P

Graduate Apprentice Trainee (Production Supervisor)

apnavien1@gmail.com | +91 93605 28228 | linkedin.com/in/navien-a-p-68935520a | Hosur, Tamil Nadu - 635126

PROFESSIONAL SUMMARY

- Dynamic Automobile Engineering graduate currently completing a 1-year Graduate Apprentice Trainee (GAT) program at Ashok Leyland Limited, Hosur.
- Hands-on experience across three core production zones: Conveyor Assembly, Engine Testing, and Dressing/Rework.
- Skilled in HCV engine assembly, defect testing, SAP-based QR data management, and Lean Manufacturing practices.
- Directly supervised 90+ shop-floor personnel while consistently achieving a target of 87 engines per shift.

APPRENTICESHIP EXPERIENCE

Graduate Apprentice Trainee (Production Supervisor) | Ashok Leyland Limited | Aug 2025 – Jul 2026 (1 Year)

HCV Engine Manufacturing Plant, Hosur, Tamil Nadu

Zone 1: Conveyor Assembly (Engine Build)

- Performed first-stage engine assembly operations on the main conveyor line.
- Assembled critical engine components including cylinder head, engine block, pistons, connecting rods, crankshaft, camshaft, valves, and gaskets.
- Ensured correct fitment sequence and torque specifications for all major sub-assemblies.
- Coordinated with line operators to maintain smooth flow of 87 HEA engines per shift.
- Applied Standard Operating Procedures (SOPs) to achieve consistent build quality and minimize assembly defects.

Zone 2: Engine Testing (Performance Validation)

- Conducted post-assembly engine testing to verify performance against defined specification values.
- Monitored and validated key parameters such as oil pressure, RPM, temperature, compression, and emission levels.
- Identified and logged deviations from standard test values for root-cause failure analysis.
- Collaborated with quality teams to resolve test failures and prevent recurrence through corrective actions.
- Maintained accurate test records to support traceability and audit compliance.

Zone 3: Dressing & Rework (Quality & Data Management)

- Managed the dressing station responsible for identifying, reworking, and rectifying damaged or non-conforming engine components.
- Updated QR code-linked databases for all reworked and replaced components to maintain traceability.
- Performed Work Request (WR) string verification in SAP to ensure accurate data entry and component tracking.
- Conducted scan-and-pass verification to confirm rework compliance before releasing engines back to the production line.
- Coordinated with the materials and procurement team for timely replacement of damaged parts.

TECHNICAL SKILLS

- **Automobile & Manufacturing:** HCV Engine Assembly & Testing (Conveyor, Test Bench, Dressing Stations); Failure Analysis & Root-Cause Diagnosis; Brake System Design, Component Diagnostics; Lean Manufacturing, Gemba, JDI, OEE & PPM Optimization, SOP Implementation
- **ERP & Data Systems:** SAP – Work Request (WR) String Verification, QR Code Database Management, Scan-Pass Validation
- **Industry 4.0 / Networking:** Cisco Routing & Switching, Wireless Networking, Basic Network Automation & Scripting; SD-WAN & Firewall Basics (applicable to connected factory environments)
- **Soft Skills:** Large-Team Leadership, Union & Industrial Relations, Cross-functional Collaboration, Crisis Resolution

EDUCATION

B.E. in Automobile Engineering | K.S.R. College of Engineering, Namakkal | 2021–2024 | 79%

Diploma in Automobile Engineering | The Kavery Polytechnic College, Salem | 2018–2021 | 75%

ENGINEERING PROJECTS

Design & Fabrication of a 360-Degree Rotating Vehicle

- Designed and fabricated a utility vehicle with wheels capable of 360-degree rotation for multi-directional movement.
- Eliminated traditional manoeuvring constraints (tight parking, U-turns) for optimized material handling in industrial environments.

Design of Hydraulic Brake Actuation Circuit

- Engineered a high-safety hydraulic brake actuation circuit with analysis of operating parameters and component specifications.
- Ensured maximum safety compliance and system reliability under varied load conditions.

INDUSTRIAL TRAINING & INTERNSHIPS

- Network Operations Training | Networkers Home, Bangalore
- Industrial Plant Training | Salem Steel Plant (SSP), Salem
- Industrial Internships | C.R.I Pumps Private Limited & Premier Foundries, Coimbatore

PERSONAL DETAILS

Father's Name: Prabhaharan A Date of Birth: 13/05/2003 Languages: English, Tamil Nationality: Indian

DECLARATION

I hereby declare that all the details provided above are true and correct to the best of my knowledge.

Place: Hosur
Date: _____
