Objective

To work in a creative and challenging environment for a reputable organization to utilize my technical and management skills for the growth of the organization as well as to enhance my knowledge about new and emerging trends in the core sector which encourages me to succeed and grow professionally.

Education

- **Mahendra polytechnic college** 2021
  Diploma (DME)
  75%
- **Mahendra engineering college ,Anna university** 2024
  B.E (MECH)
  7.9 CGP

Skills

- AUTO CAD
- Solid works
- Ms office
- Strong numerical

Projects

- **Automatic side stand released system**
  I made project on Automation Side-Stand Release System mini project focuses on developing a small-scale automated system that retracts a motorcycle's side stand when certain conditions are met, enhancing rider safety. The project uses basic sensors, an actuator, and a microcontroller to demonstrate the automation process.
- **Internship in SM Industries**
  I went through an internship in SM Industries metal manufacturing industry provides hands-on experience in the processes and technologies used to produce metal products and components. Interns in this field typically work alongside experienced engineers and technicians, gaining insight into areas like metallurgy, metal casting, welding, machining, and quality control.

Certifications

- Awarded certificate for appreciation in MASS -2023 conducted by department of Mechanical at Sona college of technology

Declaration

I hereby declare that all the information presented above is true to the best of my knowledge.

Name: Dhanush.
Place: Tamilnadu

Yours sincerely
