Executive Summary

Computer Science and Engineering undergraduate with a strong foundation in Java, SQL, Object-Oriented Programming, and Database Management Systems. Passionate about software development and database engineering, with hands-on experience through internship training and continuous learning. Seeking an entry-level Software Developer or Java Developer role where I can contribute technical skills while continuing to grow as a software engineer.

Technical Skills

Programming Languages: Java, SQL, HTML, CSS, Python (Basics)
Database: MySQL
Core Subjects: Object-Oriented Programming (OOP), Database Management System (DBMS), Data Structures, Operating Systems, Computer Networks
Developer Tools: Git, GitHub

Experience

Java Intern June 2026 – July 2026
Emglitz Technologies *Remote*

- Learning Java programming concepts including Object-Oriented Programming, Exception Handling, Collections Framework and Multithreading.
- Practicing SQL queries and database connectivity using JDBC.
- Improving problem-solving skills by solving coding exercises and real-world programming tasks.
- Understanding software development best practices and version control using Git.

Leadership & Activities

Industrial Visit (IV) Coordinator 2025
Government College of Engineering, Salem *Salem, Tamil Nadu*

- Coordinated an Industrial Visit for more than 55 Computer Science students by communicating with companies, faculty members, and travel organizers.
- Assisted in planning the itinerary, scheduling, transportation, accommodation, and overall event coordination to ensure a smooth experience.
- Worked closely with faculty coordinators and student representatives, demonstrating leadership, teamwork, communication, and organizational skills.

Department Video Editor 2024 – Present
Computer Science and Engineering Department *Government College of Engineering, Salem*

- Designed and edited promotional and achievement videos for departmental events, student accomplishments, and academic programs.
- Collaborated with faculty members and student teams to deliver creative multimedia content within deadlines.
- Enhanced visual storytelling and communication skills through video production and editing.

Certifications

Python for Beginners | Infosys Springboard 2024

- Completed Python fundamentals including variables, loops, functions and object-oriented programming concepts.

SQL Fundamentals 2025

- Learned SQL queries, joins, aggregate functions, normalization and database design concepts.

Education

Government College of Engineering, Salem 2023 – 2027
Bachelor of Engineering in Computer Science and Engineering

Higher Secondary Education(HSC) 2023
TamilNadu State Board *89.33%*
