PROFESSIONAL SUMMARY

Fullstack Developer with six months of hands-on internship experience building and shipping features for two client projects using Python, FastAPI, React.js, and MySQL. Comfortable working across the stack, from responsive user interfaces and REST APIs to database design, and using Git-based workflows in team environments. Computer Science graduate with a strong Python foundation and prior experience documenting a Microsoft Fabric product. Looking for a Fullstack Developer role where I can keep growing while delivering reliable, user-focused software.

TECHNICAL SKILLS

Languages: Python, HTML, CSS, JavaScript

Frameworks: React.js, FastAPI, Bootstrap

Database: MySQL

Version Control: Git, GitHub, GitBook, Bitbucket

Cloud: AWS Academy Cloud Foundations

Project Management: Jira, Slack, Microsoft Teams

PROFESSIONAL EXPERIENCE

Fullstack Developer Intern 04/2026 – Present

CodeSense Soft Solutions Pvt. Ltd.

- Contributed to two client projects, working on both frontend and backend features from requirement discussions through delivery.
- Built responsive user interfaces with React.js and Bootstrap and connected them to backend services.
- Developed and integrated REST APIs using Python and FastAPI, with data stored and queried in MySQL.
- Used Git, GitHub, and Bitbucket for branching, code reviews, and collaboration with the development team.
- Tracked tasks in Jira and coordinated with teammates over Slack and Teams to keep work on schedule.

Technical Writer Intern 12/2025 – 04/2026

Lumel Technologies

- Documented the Custom Visuals product, working hands-on in the Microsoft Fabric and Power BI environment to test features before writing about them.
- Maintained product documentation under version control with Git, following branch-and-review workflows alongside the engineering team.
- Worked closely with developers and product owners to verify technical details and keep documentation in sync with product updates.
- Wrote clear guides and reference content that helped users understand and adopt the product features.

EDUCATION

Bachelor of Engineering, Computer Science and Engineering 2025

Knowledge Institute of Technology, Salem

CGPA: 7.6

CERTIFICATIONS

- AWS Academy Cloud Foundations
- PCAP: Certified Associate in Python Programming
