PROFESSIONAL SUMMARY

I am an entry-level Software Engineer with strong expertise in Java, Data Structures, and SQL, skilled in designing scalable applications, optimizing database systems, and implementing efficient algorithms to solve real-world engineering challenges.

EDUCATION

B.E – Electronics and Communication Engineering 2027
K S R Institute for Engineering and Technology, Tiruchengode
CGPA: 8.24

INTERNSHIP

SBS Technologies, Erode June 2025

- Executed 20+ complex SQL queries to maintain data accuracy across relational databases.
- Designed and normalized an E-Commerce database schema, reducing data redundancy by approximately 30%.
- Optimized database queries and indexing strategies, improving data retrieval performance by around 20%.

PROJECT

IoT Based River Flood Monitoring System

- Developed a real-time flood monitoring system using Raspberry Pi Pico and Python.
- Integrated ultrasonic, water flow, and moisture sensors for precise environmental monitoring.
- Implemented an automated early-warning alert system to support rapid emergency response.

Smart lock system using ESP32 and Fingerprint Authentication

- Designed an ESP32-based biometric door lock using the AS608 fingerprint sensor, achieving a false acceptance rate below 0.001% with a 1–2 second authentication time.
- Integrated a relay-controlled solenoid lock, buzzer, and LED indicators to provide secure access control and real-time user feedback.
- Developed a low-cost (approximately Rs. 2,037), scalable security solution supporting up to 162 fingerprint profiles for residential and office applications.

CERTIFICATIONS

Cisco Networking Academy – JavaScript Essentials 1
NPTEL – Introduction to IoT
AI-ML Virtual Internship – Eduskills Foundation
MongoDB – Introduction to AI and Vector Search

TECHNICAL SKILLS

Programming: Java, Python
Web Technologies: HTML5, CSS3, JavaScript
Databases: SQL (MySQL), MongoDB
Core Concepts: Data Structures & Algorithms, DBMS, OOP
Frameworks & Tools: GitHub, VS Code, Eclipse

LANGUAGES

• Tamil (Native) • English (Professional)
