ANUSREE SK

Tiruppur, Tamil Nadu | +91 8124486997 | anukanagu14@gmail.com | linkedin.com/in/anusree-sk-82779b2b2

OBJECTIVE / SUMMARY

Final-year Electronics and Communication Engineering student with hands-on experience in academic projects, industrial internships, and technical research. Skilled in C, Embedded C, Python, IoT, sensors, and microcontroller-based systems, with practical exposure to hardware and software integration. Gained industry and research exposure to hydrogen mobility, clean-energy systems, and hydrogen infrastructure through an internship at IIT Madras HTWO Innovation Centre. Experienced in developing practical solutions through project-based learning, problem-solving, and technical analysis. Strong interest in embedded systems, IoT, electronics, and emerging technologies. Seeking an entry-level engineering role to apply technical knowledge, contribute to real-world projects, and continuously develop professional skills.

EDUCATION

Vivekanandha College of Engineering for Women *Tiruchengode, Namakkal, Tamil Nadu*
B.E. Electronics and Communication Engineering (ECE) — April 2027 | CGPA: 8.3/10
Honours Specialization: Semiconductor Devices (Pursuing)

Kongu Vellalar Matriculation Higher Secondary School *Tiruppur, Tamil Nadu*
Higher Secondary — April 2023 | Percentage: 85.5%

SKILLS

Programming: C, Python, Embedded C
Embedded Systems & IoT: Arduino, ESP32, Microcontrollers, IoT, Sensors, Actuators, Basic Electronic Circuits
Tools/Software: Arduino IDE, MS Excel, ThingSpeak
Soft Skills: Team collaboration, problem-solving, adaptability, quick learning, time management, communication

INTERNSHIP EXPERIENCE

Intern — Embuzz Technologies Pvt Limited (Embedded C Basic), Coimbatore, Tamil Nadu *Jan 2025 – Feb 2025*
- Gained hands-on knowledge of C programming and Embedded C concepts.
- Worked with basic microcontroller/embedded programming concepts.

Intern — Airport Authority of India (AAI), Communication, Chennai, Tamil Nadu *Jun 2026*
- Gained practical exposure to communication systems used in aviation.
- Learned about communication equipment, systems, and their applications.

Research Intern — IIT Madras, Hydrogen Mobility Corridor, Chennai, Tamil Nadu *Jun 2026 – Jul 2026*
- Researched global hydrogen mobility corridors and their infrastructure.
- Studied hydrogen production, refuelling stations, vehicle deployment, funding, and financial models.
- Compared international hydrogen corridors to identify suitable approaches for India.

Virtual Intern — Deloitte Australia, Data Analytics Job Simulation (Forage) *Oct 2026*
- Built an interactive Tableau dashboard from client telemetry data, creating a calculated “Unhealthy” measure and linked bar charts for down time per factory and per device type to identify the factory with the most down time.
- Completed a forensic technology task in Excel, classifying employee equality scores by factory and job role into Fair, Unfair, and Highly Discriminative categories to support an unfair pay investigation.

ACADEMIC PROJECTS

Autonomous Laser-Based Intrusion Detection System *Jan – May 2025*
- Developed an automated security system using Arduino UNO, laser, LDR, and GSM SIM800L to detect unauthorized intrusion.
- Implemented real-time alert notification through GSM to improve security and enable rapid response.

Smart ICU Monitoring System using IoT *Jun – Jul 2025*
- Designed an IoT-based patient monitoring system to continuously measure heart rate, body temperature, and SpO2/pulse parameters.
- Integrated cloud-based monitoring and alert mechanisms to enable healthcare professionals to receive real-time patient status updates.

Real-Time Public Transport Tracking System for Smart Cities
- Developed a real-time public transport tracking system to monitor and manage bus movement efficiently.
- Proposed features including seat availability, crowd detection, estimated arrival time (ETA), and AI-based delay prediction to improve passenger convenience and transport efficiency.

CERTIFICATIONS

- Deloitte Australia — Data Analytics Job Simulation (Forage), 2026
- Presentation — Hindustan College of Engineering
- Workshop — Dr.NGP Institute of Technology
- Spoken Tutorial Certificate in Python, Computer Training, HTML, Arduino — 2024 to 2026
- Bajaj Manufacturing System — Bajaj Auto Ltd, 2026
- IBM SkillsBuild — Generative AI Related Course, 2026
- Guvi HCL — ChatGPT for Everyone
- Simplilearn — Introduction to MS Excel

EXTRACURRICULARS & MEMBERSHIPS

Tour Coordinator, VCEW BE.ECE *2024 – 2027*
Coordinated tour planning, scheduling, communication, and logistics, demonstrating leadership, teamwork, and organizational skills.
Professional Membership: IEEE Student Member — Institute of Electrical and Electronics Engineers

LANGUAGES

English, French (Basic)
