ABOUT ME

Motivated and detail-oriented Information Technology student with a strong focus on Web Development and UI/UX Design. Proven capability to create visually appealing designs, user-friendly interfaces, and responsive web applications. Experienced in collaborating within technical teams to deliver secure and innovative solutions, including cybersecurity and machine learning applications. Seeking an opportunity to apply my technical knowledge in design and development to contribute to impactful projects. Committed to delivering high-quality work with creativity, dedication, and a problem-solving mindset.

EDUCATION

- **B.Tech (Information Technology)** | Sengunthar Engineering College (2023 - 2027) - *Pursuing*
- **HSC** | Variyar Hr Sec School (2022 - 2023)
- **SSLC** | Variyar Hr Sec School (2021 - 2022)

WORK EXPERIENCE & INITIATIVES

Web Development | Cybrain Software Solutions Private Limited 2025

- Contributed to the development and maintenance of responsive web applications, focusing on clean code and optimal performance.
- Collaborated with team members to design and implement user-friendly interfaces and seamless digital experiences.

PROJECTS

Team Member | Phishing Email Detection System 2026

- Collaborated as a core team member to engineer a machine learning solution using Python to analyze text and metadata to accurately classify emails as safe or phishing attempts.
- Assisted in implementing data preprocessing techniques and training classification models, enhancing automated cybersecurity threat detection capabilities.
- Contributed to dataset handling, model testing, and improving the overall accuracy of the detection system.

Lost and Found System

- Developed a responsive web application utilizing HTML, CSS, and Python to streamline the reporting, tracking, and claiming of lost items.
- Engineered a user-friendly interface coupled with a secure backend database to manage real-time item status updates and user authentication.

TECHNICAL SKILLS

- **Design:** Figma
- **Programming & Web:** Python, HTML, CSS
- **Core Tech & Tools:** Automation, Machine Learning, MediaPipe, Typewriting

LANGUAGES

- **Tamil** (Native)
- **English** (Professional)
