GOPIKA MANOHARAN

Electronics & Communication Engineering Student | Embedded Systems & IoT | Java Programming
Erode, Tamil Nadu | 9095941428 | gopikamanoharan68@gmail.com | leetcode.com/u/GOPIKA_20

PROFESSIONAL SUMMARY

Electronics and Communication Engineering student skilled in Java, C Programming, Data Structures, Digital Electronics, IoT, and PCB Design. Combines strong analytical and problem-solving ability with hands-on embedded systems experience from two internships. Seeking to apply technical knowledge across software development and core engineering roles while continuing to learn new technologies and contribute to organizational growth.

TECHNICAL SKILLS

Software / IT

- Programming: Java (Intermediate), C Programming
- Core CS: Data Structures, Problem Solving (LeetCode)
- Tools: Microsoft Office

Core Engineering

- Embedded Systems & IoT (ESP32, Sensors)
- Digital Electronics, PCB Design (Basics)
- Raspberry Pi for Industrial Applications

PROJECTS

Smart Poultry Monitoring System Using ESP32-CAM

- Designed and implemented a poultry monitoring solution using the ESP32-CAM module to capture and transmit real-time visual data.

Smart Waste Management System Using Sensors

- Developed a sensor-based waste management system to monitor bin fill levels and enable timely, efficient waste collection.

Food Spoilage Detection Using Image Processing

- Built an image-processing model to detect early signs of food spoilage, supporting automated food quality assessment.

INTERNSHIP EXPERIENCE

Embedded Systems & IoT Intern *Dec 2025*
Chip Craft Technologies

- Worked on embedded systems and IoT-based applications, strengthening hands-on skills in hardware-software integration.

Embedded Systems Intern *May 2025*
Caliber Embedded Technologies, Erode

- Gained practical exposure to embedded systems design and development, applying core electronics concepts to real projects.

EDUCATION

B.E. Electronics and Communication Engineering *2023 - 2027*
Nandha Engineering College, Erode | CGPA: 8.2

12th Standard *2022 - 2023*
Carmel Girls Hr. Sec. School, Kangayam | 63.80%

10th Standard *2020 - 2021*
Carmel Girls Hr. Sec. School, Kangayam

CERTIFICATIONS & ACHIEVEMENTS

Certifications

- NPTEL – Introduction to Internet of Things (IoT)
- NPTEL – Cloud Computing
- NPTEL – Ethical Hacking
- PCB Design
- Raspberry Pi for Industrial Application

Achievements

- First Prize, Paper Presentation – Kongu Engineering College
- Participant, Hackathon – Nandha Engineering College
- Active participant in technical workshops and seminars

SOFT SKILLS & LANGUAGES

Soft Skills: Problem Solving, Analytical Thinking, Communication, Teamwork, Adaptability, Quick Learner, Time Management
Languages: Tamil, English
